(2) The Central Government, after consultation with the Board and after giving by notification in the official Gazette not less than three months' notice of its intention so to do, may by a like notification add to or otherwise amend the First Schedule, and thereupon the said Schedule shall be deemed to be amended accordingly.

Misbranded drugs.

8. For the purposes of this Chapter a drug shall be deemed to be misbranded—

(a) if it is an imitation of, or substitute for, or resembles in a manner likely to deceive, another drug, or bears upon it or upon its label or container the name of another drug, unless it is plainly and conspicuously marked so as to reveal its true character and its lack of identity with such other drug; or

(b) if it purports to be the product of a place or country of which it is not truly a product; or

(c) if it is imported under a name which belongs to another drug; or

(d) if it is so coloured, coated, powdered or polished that damage is concealed, or if it is made to appear of better or greater therapeutic value than it really is; or

(e) if it is not labelled in the prescribed manner; or

(f) if its label or container or anything accompanying the drug bears any statement, design or device which makes any false or exaggerated claim for the drug or which is false or misleading in any particular; or

(g) if the label or container bears the name of an individual or company purporting to be the manufacturer or producer of the drug, which individual or company is fictitious or does not exist.

Prohibition of import of certain drugs.

9. From such date as may be fixed by the Central Government by notification in the official Gazette in this behalf, no person shall import—

(a) any drug which is not of standard quality;

(b) any misbranded drug;

(c) any drug for the import of which a licence is prescribed, otherwise than under, and in accordance with, such licence;

(d) any patent or proprietary medicine, unless there is displayed in the prescribed manner on the label or container thereof either the true formula or list of ingredients contained in it in a manner readily intelligible to members of the medical profession, or the number of the certificate of registration granted in the prescribed manner in respect of such medicine by the Central Drugs Laboratory after being correctly informed of the formula of such medicine;

(e) any drug which by means of any statement, design or device accompanying it or by any other means, purports or claims to cure or mitigate any such disease or ailment, or to have any such other effect, as may be prescribed;

(f) any drug the import of which is prohibited by rule made under this Chapter:

Provided that nothing in this section shall apply to the import, subject to prescribed conditions, of small quantities of any drug for the purpose of examination, test or analysis or for personal use:

Provided further that the Central Government may, by notification in the official Gazette, permit, subject to any conditions specified in the notification, the import of any drug or class of drugs not being of standard quality.

Explanation.—The formula or list of ingredients mentioned in sub-clause (*i*) of clause (*d*) shall be deemed to be true and a sufficient compliance with that sub-clause if, without disclosing a full and detailed recipe of the ingredients, it indicates correctly all potent or poisonous substances contained therein together with an approximate statement of the composition of the medicine.

Application of law relating to sea customs and powers of Customs officers.

10. (*1*) The law for the time being in force relating to sea customs and to goods, the import of which is prohibited by section 18 of the Sea Customs Act, 1878, (VIII of 1878.) shall subject to the provisions of section 12 of this Act, apply in respect of drugs the import of which is prohibited under this Chapter, and officers of Customs and officers empowered under that Act to perform the duties imposed thereby on a Customs Collector and other officers of Customs, shall have the same powers in respect of such drugs as they have for the time being in respect of such goods as aforesaid.

(*2*) Without prejudice to the provisions of sub-section (*1*), the Customs Collector, or any servant of the Crown authorised by the Provincial Government in this behalf, may detain any imported package which he suspects to contain any drug the import of which is prohibited under this Chapter, and shall forthwith report such detention to the Director of the Central Drugs Laboratory and, if required by him, forward the package or samples of any suspected drug found therein to the said Laboratory.

Power of Central Government to make rules.

11. (*1*) The Central Government may, after consultation with the Board and after previous publication by notification in the official Gazette, make rules for the purpose of giving effect to the provisions of this Chapter.

(*2*) Without prejudice to the generality of the foregoing power, such rules may—

(a) specify the drugs or classes of drugs for the import of which a licence is required, and prescribe the form and conditions of such licences and the fees payable therefor;

(b) prescribe the methods of test or analysis to be employed in determining whether a drug is of standard quality;

(c) prescribe, in respect of biological and organometallic compounds, the units or methods of standardisation;

(*d*) specify the diseases or ailments which an imported drug may not purport or claim to cure or mitigate and such other effects which such drug may not purport or claim to have;

(*e*) prescribe the conditions subject to which small quantities of drugs, the import of which is otherwise prohibited under this Chapter, may be imported for the purpose of examination, test or analysis or for personal use;

(*f*) prescribe the places at which drugs may be imported; and prohibit their import at any other place;

(*g*) require the date of manufacture to be clearly and truly stated on the label or container of any specified imported drug or class of such drug, and prohibit the import of the said drug or class of drug after the expiry of a specified period from such date;

(*h*) regulate the submission by importers, and the securing, of samples of drugs for examination, test or analysis by the Central Drugs Laboratory, and prescribe the fees, if any, payable for such examination, test or analysis;

(*i*) prescribe the evidence to be supplied, whether by accompanying documents or otherwise, of the quality of drugs sought to be imported, the procedure of officers of Customs in dealing with such evidence, and the manner of storage at places of import of drugs detained pending admission;

(*j*) provide for the exemption, conditionally or otherwise, from all or any of the provisions of this Chapter and the rules made thereunder of drugs imported for the purpose only of transport through, and export from, British India;

(*k*) prescribe the conditions to be observed in the packing in bottles, packages or other containers of imported drugs;

(*l*) regulate the mode of labelling drugs imported for sale in packages, and prescribe the matters which shall or shall not be included in such labels;

(*n*) require that the accepted scientific name of any specified drug shall be displayed in the prescribed manner on the label or wrapper of any imported patent or proprietary medicine containing such drug;

(*o*) provide for the exemption, conditionally or otherwise, from all or any of the provisions of this Chapter or the rules made thereunder of any specified drug or class of drugs.

CHAPTER IV.

MANUFACTURE, SALE AND DISTRIBUTION OF DRUGS.

Standards of quality.

15. (1) For the purposes of this Chapter the expression "standard quality" when applied to a drug means that the drug complies with the standard set out in the Second Schedule.

(2) The Provincial Government, after consultation with the Board and after giving by notification in the official Gazette not less than three months' notice of its intention so to do, may by a like notification add to or otherwise amend the Second Schedule, and thereupon the said Schedule shall be deemed to be amended accordingly.

Misbranded drugs.

16. For the purposes of this Chapter a drug shall be deemed to be misbranded—

(a) if it is an imitation of, or substitute for, or resembles in a manner likely to deceive another drug, or bears upon it or upon its label or container the name of another drug, unless it is plainly and conspicuously marked so as to reveal its true character and its lack of identity with such other drug; or

(b) if it purports to be the product of a place or country of which it is not truly a product; or

(c) if it is sold, or offered or exposed for sale, under a name which belongs to another drug; or

(d) if it is so coloured, coated, powdered or polished that damage is concealed, or if it is made to appear of better or greater therapeutic value than it really is; or

(e) if it is not labelled in the prescribed manner; or

(f) if its label or container or anything accompanying the drug bears any statement, design or device which makes any false or exaggerated claim for the drug or which is false or misleading in any particular; or

(g) if the label or container bears the name of an individual or company purporting to be the manufacturer or producer of the drug, which individual or company is fictitious or does not exist.

Prohibition of manufacture and sale of certain drugs.

17. (1) From such date as may be fixed by the Provincial Government by notification in the official Gazette in this behalf, no person shall himself or by any other person on his behalf—

(a) manufacture for sale, or sell, or stock or exhibit for sale, or distribute—

(i) any drug which is not of standard quality;

(ii) any misbranded drug;

(*iii*) any patent or proprietary medicine, unless there is displayed in the prescribed manner on the label or container thereof either the true formula or list of ingredients contained in it in a manner readily intelligible to members of the medical profession, or the number of the certificate of registration granted, in the manner prescribed by the Central Government, in respect of such medicine by the Central Drugs Laboratory after being correctly informed of the formula of such medicine;

(*iv*) any drug, which by means of any statement, design or device accompanying it or by any other means, purports or claims to cure or mitigate any such disease or ailment, or to have any such other effect as may be prescribed:

(*v*) any drug, in contravention of any of the provisions of this Chapter or any rule made thereunder:

(*b*) sell, or stock or exhibit for sale, or distribute any drug which has been imported or manufactured in contravention of any of the provisions of this Act or any rule made thereunder;

(*c*) manufacture for sale, or sell, or stock or exhibit for sale, or distribute any drug, except under, and in accordance with the conditions of, a licence issued for such purpose under this Chapter:

Provided that nothing in this section shall apply to the manufacture, subject to prescribed conditions, of small quantities of any drug for the purpose of examination, test or analysis:

Provided further that the Provincial Government may, by notification in the official Gazette, permit, subject to any conditions specified in the notification, the manufacture for sale, sale or distribution of any drug or class of drugs not being of standard quality.

Explanation.—The formula or list of ingredients mentioned in sub-clause (*iii*) of clause (*a*) shall be deemed to be true and a sufficient compliance with that sub-clause if, without disclosing a full and detailed recipe of the ingredients, it indicates correctly all the potent or poisonous substances contained therein together with an approximate statement of the composition of the medicine.

(*2*) The Provincial Government may fix different dates of effect for the several provisions of sub-section (*1*).

Pleas.

18. (*1*) Save as hereinafter provided in this section, it shall be no defence in a prosecution under this Chapter to prove merely that the accused was ignorant of the nature, substance or quality of the drug in respect of which the offence has been committed or of the circumstances of its manufacture or import, or that a purchaser, having bought only for the purpose of test or analysis, has not been prejudiced by the sale.

(*2*) For the purposes of section 17 a drug shall not be deemed to be misbranded or to be below standard quality only by reason of the fact that—

(*a*) there has been added thereto some innocuous substance or ingredient because the same is required for the manufacture or preparation of the drug as an article of commerce in a state fit for carriage or consumption, and not to increase the bulk, weight or measure of the drug or to conceal its inferior quality or other defects; or

(b) in the process of manufacture, preparation or conveyance some extraneous substance has unavoidably become intermixed with it, provided that this clause shall not apply in relation to any sale or distribution of the drug occurring after the vendor or distributor became aware of such intermixture.

(3) A person, not being the manufacturer of a drug or his agent for the distribution thereof, shall not be liable for a contravention of section 17 if he proves—

(a) that he did not know, and could not with reasonable diligence have ascertained, that the drug in any way contravened the provisions of that section, and that the drug while in his possession remained in the same state as when he acquired it; or

(b) that he acquired the drug from a person resident in British India under a written warranty in the prescribed form and signed by such person that the drug does not in any way contravene the provisions of section 17, and that the drug while in his possession remained in the same state as when he acquired it:

Provided that a defence under clause (b) shall be open to a person only—

(i) if he has, within seven days of the service on him of the summons, sent to the Inspector a copy of the warranty with a written notice stating that he intends to rely upon it and giving the name and address of the warrantor, and

(ii) if he proves that he has, within the same period, sent written notice of such intention to the said warrantor.

Government Analysts.

19. The Provincial Government may, by notification in the official Gazette, appoint such persons as it thinks fit, having the prescribed qualifications, to be Government Analysts for such areas and in respect of such drugs or classes of drugs as may be specified in the notification:

Provided that a servant of the Crown serving under the Central Government or another Provincial Government shall not be so appointed without the previous consent of the Government under which he is serving.

Inspectors.

20. (1) The Provincial Government may, by notification in the official Gazette, appoint such persons as it thinks fit, having the prescribed qualifications, to be Inspectors for the purposes of this Chapter within such local limits as it may assign to them respectively.

(2) Every Inspector shall be deemed to be a public servant within the meaning of the Indian Penal Code, and shall be officially subordinate to such authority as the Provincial Government may specify in this behalf. XLV of 1860.

Powers of Inspectors.

21. Subject to the provisions of section 22 and of any rules made by the Provincial Government in this behalf, an Inspector may, within the local limits for which he is appointed,—

(a) inspect any premises wherein any drug is being manufactured and the plant and process of manufacture and the means employed for standardising and testing the drug;

(b) take samples of any drug which is being manufactured, or being sold or is stocked or exhibited for sale, or is being distributed;

(c) where he has reason to believe that any drug which is being manufactured for sale, or being sold or is stocked or exhibited for sale, or is being distributed, contravenes any of the provisions of section 17, order in writing the person in whose possession such drug may be not to dispose of any stock of such drug until permitted so to do by the Inspector or by a Court, or, unless the alleged contravention is such that the defect may be removed by the possessor of the drug, seize the stock of such drug;

(d) for any of the aforesaid purposes enter at all reasonable times, with such assistants, if any, as he considers necessary, any premises wherein any drug is being manufactured, or being sold or is stocked or exhibited for sale, or is kept for distribution;

(e) exercise such other powers as may be necessary for carrying out the purposes of this Chapter or any rules made thereunder.

Procedure of Inspectors.

22. (*1*) Where an Inspector takes any sample of a drug under this Chapter, he shall tender the fair price thereof and may require a written acknowledgment therefor.

(*2*) Where the price tendered under sub-section (*1*) is refused, or where the Inspector seizes the stock of any drug under clause (*c*) of section 21, he shall tender a receipt therefor in the prescribed form.

(*3*) Where an Inspector takes a sample of a drug for the purpose of test or analysis, he shall intimate such purpose in writing in the prescribed form to the person from whom he takes it and, in the presence of such person unless he wilfully absents himself, shall divide the sample into four portions and effectively seal and suitably mark the same and permit such person to add his own seal and mark to all or any of the portions so sealed and marked:

Provided that where the sample is taken from premises whereon the drug is being manufactured, it shall be necessary to divide the sample into three portions only:

Provided further that where the drug is made up in containers of small volume, instead of dividing a sample as aforesaid, the Inspector may, and if the drug be such that it is likely to deteriorate or be otherwise damaged by exposure shall, take three or four, as the case may be, of the said containers after suitably marking the same and, where necessary, sealing them.

(*4*) The Inspector shall restore one portion of a sample so divided or one container, as the case may be, to the person from whom he takes it, and shall retain the remainder and dispose of the same as follows:—

(*i*) one portion or container he shall forthwith send to the Government Analyst for test or analysis;

(*ii*) the second he shall produce to the Court before which proceedings, if any, are instituted in respect of the drug; and

(*iii*) the third, where taken, he shall send to the warrantor, if any, named under the proviso to sub-section (*3*) of section 18.

(*5*) Where an Inspector takes any action under clause (*c*) of section 21,—

(*a*) he shall use all despatch in ascertaining whether or not the drug contravenes any of the provisions of section 17, and, if it is ascertained that the drug does not so contravene, forthwith revoke the order passed under the said clause or, as the case may be, take such action as may be necessary for the return of the stock seized;

(*b*) if he seizes the stock of the drug, he shall as soon as may be inform a Magistrate and take his orders as to the custody thereof;

(*c*) without prejudice to the institution of any prosecution, if the alleged contravention be such that the defect may be remedied by the possessor of the drug, he shall, on being satisfied that the defect has been so remedied, forthwith revoke his order under the said clause.

Persons bound to disclose place where drugs are manufactured or kept.

23. Every person for the time being in charge of any premises whereon any drug is being manufactured or is kept for sale or distribution shall, on being required by an Inspector so to do, be legally bound to disclose to the Inspector the place where the drug is being manufactured or is kept, as the case may be.

Reports of Government Analysts.

24. (*1*) The Government Analyst to whom a sample of any drug has been submitted for test or analysis under sub-section (*4*) of section 22, shall deliver to the Inspector submitting it a signed report in triplicate in the prescribed form.

(*2*) The Inspector on receipt thereof shall deliver one copy of the report to the person from whom the sample was taken and another copy to the warrantor, if any, named under the proviso to sub-section (*3*) of section 18, and shall retain the third copy for use in any prosecution in respect of the sample.

(*3*) Any document purporting to be a report signed by a Government Analyst under this Chapter shall be evidence of the facts stated therein, and such evidence shall be conclusive unless the person from whom the sample was taken or the said warrantor has, within seven days of the receipt of a copy of the report, notified in writing the Inspector or the Court before which any proceedings in respect of the sample are pending that he intends to adduce evidence in controversion of the report.

(*4*) Unless the sample has already been tested or analysed in the Central Drugs Laboratory, where a person has under sub-section (*3*) notified his intention of adducing evidence in controversion of a Government Analyst's report, the Court may, of its own motion or in its discretion at the request either of the complainant or the accused, cause the sample of the drug produced before the Magistrate under sub-section (*4*) of section 22 to be sent for test or analysis to the said Laboratory, which shall make the test or analysis and report in writing signed by, or under the authority of, the Director of the Central Drugs Laboratory the result thereof, and such report shall be conclusive evidence of the facts stated therein.

(*5*) The cost of a test or analysis made by the Central Drugs Laboratory under sub-section (*4*) shall be paid by the complainant or accused as the Court shall direct.

Purchaser of drug enabled to obtain test or analysis.

25. Any person shall, on application in the prescribed manner and on payment of the prescribed fee, be entitled to submit for test or analysis to a Government Analyst any drug purchased by him and to receive a report of such test or analysis signed by the Government Analyst.

Penalty for manufacture, sale, etc., of drugs in contravention of this Chapter.

26. Whoever himself or by any other person on his behalf manufactures for sale, sells, stocks or exhibits for sale, or distributes any drug in contravention of any of the provisions of this Chapter or any rule made thereunder shall be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

Penalty for giving false warranty or misuse of warranty.

27. (*1*) Whoever, in respect of any drug sold by him whether as principal or agent, gives to the purchaser a false warranty that the drug does not in any way contravene the provisions of section 17 shall, unless he proves that when he gave the warranty he had good reason to believe the same to be true, be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

(*2*) Whoever applies or permits to be applied to any drug sold, or stocked or exhibited for sale, by him, whether on the container or label or in any other manner, a warranty given in respect of any other drug, shall be punishable with imprisonment which may extend to one year, or with fine which may extend to five hundred rupees, or with both.

Penalty for subsequent offences.

29. Whoever, having been convicted of any offence under section 26 or section 27 or section 28, is again convicted of an offence under the same section shall be punishable with imprisonment which may extend to two years, or with fine which may extend to one thousand rupees, or with both.

Confiscation.

31. (*1*) No prosecution under this Chapter shall be instituted except by an Inspector.

(*2*) No Court inferior to that of a Presidency Magistrate or of a Magistrate of the first class shall try an offence punishable under this Chapter.

(*3*) Nothing contained in this Chapter shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence against this Chapter.

Power of Provincial Government to make rules.

32. (*1*) The Provincial Government may, after consultation with the Board and after previous publication by notification in the official Gazette, make rules for the purpose of giving effect to the provisions of this Chapter.

4. Other drugs .. THE SECOND SCHEDULE.

(*See* section 15.)

Standards to be complied with by drugs manufactured for sale, sold, stocked or exhibited for sale, or distributed.

Class of drugs.	Standard to be complied with.
1. Patent or proprietary medicines.	The formula or list of ingredients displayed in the prescribed manner on the label or container, or the formula disclosed to the Central Drugs Laboratory, as the case may be.
2. Substances commonly known as vaccines, sera, toxins, toxoids, antitoxins, and antigens and biological products of such nature.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
3. Other vitamins, hormones and analogous products.	The standards maintained at the Medical Research Institute, Hampstead, and such further standards of strength and purity as may be prescribed by the Provincial Government.
4. Other drugs ..	The standards of identity, purity and strength specified in the latest edition either of the British Pharmacopoeia or the British Pharmaceutical Codex or any other prescribed pharmacopoeia, or adopted by the Permanent Commission on Biological Standardisation of the League of Nations.

STATEMENT OF OBJECTS AND REASONS.

In order to give effect to the recommendations of the Drugs Enquiry Committee, in so far as they relate to matters with which the Central Government is primarily concerned, a Bill to regulate the import of drugs into British India was introduced in the Legislative Assembly in 1937. The Select Committee appointed by the Legislative Assembly was of the opinion that a more comprehensive measure, providing for the uniform control of manufacture and distribution of drugs as well as of import, was desirable. The Government of India accordingly asked Provincial Governments to invite the Provincial Legislatures to pass resolutions under section 103 of the Government of India Act, 1935, empowering the Central Legislature to pass an Act for regulating such matters relating to the control of drugs as fall within the Provincial legislative list. Such resolutions have now been passed by all Provincial Legislatures.

2. Chapter II of the Bill establishes a Board of technical experts to advise the Central and the Provincial Governments on technical matters.

3. Chapter III provides for the control of the import of drugs into British India. The executive power under this Chapter will accordingly be exercised by the Central Government.

4. Chapter IV relates to control of the manufacture, sale and distribution of drugs and contains the provisions which it is proposed should be enacted in exercise of the power conferred by the resolutions under section 103 of the Government of India Act, 1935, passed by the Provincial Legislatures. The executive power under Chapter IV will be exercised by Provincial Governments.

5. The First Schedule prescribes the standards to be complied with by imported drugs and the Second Schedule the standards to be complied with by drugs manufactured, sold or distributed in British India. The standards prescribed in the two Schedules are identical. The Central Government will have power to amend the First Schedule, but power to amend the Second Schedule will rest with Provincial Governments.

6. The Government of India have considered to what extent provision can be made to secure the maintenance of uniformity in standards and in other important matters in which uniformity is desirable. They understand that it would be *ultra vires* of the Central Legislature to assign to any authority other than the Provincial Governments authority conferred by the Bill in respect of matters falling within the Provincial legislative field. For this reason it is not possible to assign the power to fix standards and to make rules to any single authority. In order to ensure that before any action is taken due consideration is given to the desirability of maintaining uniformity, provision has been made in Chapter II for a single Technical Advisory Board, which both Central and Provincial Governments will be required to consult before modifying the standards set up by the Bill and before making rules under the Bill.

Third and Final Forecast of the Winter Rice Crop of Bengal, 1939-40.

(*Note*.—On an average of the five years ending 1937-38, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the issue of the Second Forecast in December, the weather has been generally dry and favourable for harvesting operation.

Acreage.—According to District Officers' estimates the total area under winter rice is 16,136,200 acres as compared with 15,835,900 acres of last year.

Outturn.—From the summary of the district returns appended, it will be seen that five districts report a normal crop, sixteen districts a crop varying from 80 to 96 per cent., and the rest below 80 per cent. of the normal. According to the above estimates the provincial outturn works out to 88 per cent. of the normal as against 82 per cent. of last year.

Accepting 88 per cent. as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 6,520,300 tons this year as against 5,962,700 tons in last year.

Director of Agriculture, Bengal.

Final Forecast of the Cotton Crops of Bengal, 1939-40.

(*Note*.—On an average of the five years ending 1937-38, the area under cotton in the territories in Bengal to which this forecast relates has represented some 0·2 per cent. and that in the Bengal States some 0·1 per cent. of the total area under cotton in India.)

There are two crops—early and late. The early crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State, and to a small extent in other districts. The late crop is grown in Bankura and Midnapore.

Character of the season.—Since the issue of the third forecast in December last, dry weather was generally favourable for harvesting the crop.

Area sown.—The total area sown with early cotton is returned at 84,470 acres this year against 87,379 acres in the corresponding forecast of last year and that with the late variety at 635 acres both this year and in the corresponding forecast of last year.

Outturn.—The outturn of the early crop is estimated to be 26,357 bales and the late crop to be 70 bales as against 27,448 and 55 bales, respectively, last year.

NOTIFICATIONS.

24-Parganas.—No. 359P.H.—28th February 1940.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the alteration of the existing house connections given under the metering system so as to conform to the decentralised storage system, in the Garden Reach Municipality in the district of the 24-Parganas, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st June 1940, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered.

Draft Rules.

When the Commissioners deem it expedient for the maintenance of an efficient water-supply that existing connections from streets mains to houses with metering system granted under the rules published with notification No. 302T.M., dated the 27th May 1913, as subsequently amended, should be altered so as to make them conform to the Decentralised Storage System, they may direct that such alteration shall be made.

1. The connection after alteration shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

2. The items referred to in clause (*a*) of rule 1 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property. If the Commissioners decide to make use of a part or the whole of the existing pipes and fittings, the present value of the same shall be paid to the owner or occupier, such value being determined by the Commissioners.

3. The items referred to in clause (*b*) of rule 1 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and projected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe.

4. In the case of connections to which a meter was attached by the owner or occupier prior to the date of introduction of the decentralised storage system provided in these rules the Commissioners shall make a contribution of Rs. 40 towards the cost of the work referred to in clause (*b*) of rule 1 when such work has been completed to their satisfaction.

5. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. Extension from the communication-pipe of one holding to another holding shall not be

permitted and combination of holdings for the purpose of these rules shall not be allowed.

6. No tapping or branching off of any kind whatsoever of the service-pape referred to in clause (*b*) of rule 1 shall be allowed except at approximately the same as that of the ball-valve.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 1 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with the materials belonging to the Commissioners and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

For holding with annual valuation above Rs. 6,000 the daily quantity of water (in gallons) will be calculated as the annual valuation divided by 10.

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in form A. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallon of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in Form A.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, he may apply to the Commissioners in Form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 5 per tank, and also shall pay in advance for every week or part of a week during which he retains the temporary connection the following charges:—

(*a*) For a supply of 200 gallons per day—As. 8 per day.
(*b*) For a supply of 300 gallons per day—As. 12 per day.
(*c*) For a supply of 450 gallons per day—Re. 1 per day.
(*d*) For a supply of 600 gallons per day—Re. 1-4 per day.
(*e*) For a supply of 750 gallons per day—Re. 1-8 per day.
(*f*) For a supply of 900 gallons per day—Re. 1-12 per day.
(*g*) For a supply of 1100 gallons per day—Rs. 2 per day.

He shall state in his application the number of days for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball-valve, and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the additional supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

16 The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz:—

(*a*) if the holding is unoccupied;

(*b*) if the occupier fails to pay his water rate;

(*c*) if the occupier in any way interferes with, damages or alters the service-pipe; and

(*d*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection:

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

17. The works required under clause (*b*) of rule 4(*b*) shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water supply due to occurrences beyond their control.

24-Parganas.—No. 360P.H.—28th February 1940.—The following draft of rules, which in exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make for the regulation of connections for the supply of filtered water to private premises for domestic purposes which may be granted hereafter by the Commissioners of the Garden Reach Municipality in the district of 24-Parganas, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the *1st June 1940*, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed Form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given. Every house connection shall be taken in hand within three months of its sanction. If a house connection is not taken in hand within the said period the sanction given for it shall be deemed to be revoked and fresh sanction shall be required before the connection is made.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for such connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding the outhouse) in one compound may, at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separat connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of locking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners, and charge the cost thereof to the owner or occupier.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the annual valuation of such holding, according to the following table :—

The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallon of additional water requisitioned.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, he may apply to the Commissioners in Form C (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 5 per tank, and also shall pay in advance for every week or part of a week during which he retains the temporary connection the following charges:—

He shall state in his application the number of days for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground and additional storage tank (or tanks) of 300 gallons capacity with ball-valve, and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the additional supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for each connection.

15. Two or more such temporary connections may be taken, if required, on payment of the additional costs and weekly charges.

16. The Commissioners may cut off the connection between any water works of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz:—

(*c*) if the occupier in any way interferes with, damages or alters the service-pipe; and

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

17. The works required under clause (*b*) of rule 4 shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

NOTIFICATIONS.

No. 3-I.—28th February 1940.—In exercise of the power conferred by section 44 of the Bengal Development Act, 1935 (Bengal Act XVI of 1935), the Governor is pleased to make the following amendments in the Bengal Development Rules, 1936, published under notification No. 18-I., dated the 5th November 1936.

2. A draft of these amendments was published in the *Calcutta Gazette* of the 24th August 1939, under notification No. 34-I., dated the 19th August 1939:—

Amendments.

After rule 68 of the said rules the following shall be added, namely:—

"*Determination of additional improvement levy under section 11.*

69. (*1*) If, when the Collector has reason to believe that any such land as is described in sub-section (*1*) of section 11 has been settled, he considers it advisable that an additional improvement levy should be

imposed thereon under that section, he shall cause an officer or officers, not below the rank of Sub-Deputy Collector,

(*a*) to determine, in the manner described in rule 33, to what class such land shall be assigned, if this has not already been otherwise determined, and

(*b*) to inquire what rates of *salami* have been paid when (*i*) land assigned to that class and (*ii*) unculturable waste, swamp or sand have been settled with tenants in the vicinity; and, on receipt of the reports from such officer, or officers, he shall make estimates of the *salami* usual for such land as it was (*i*) at the time of the settlement and (*ii*) before the commencement of the improvement work.

(*2*) The Collector shall then cause to be served on the person who settles the land a notice which shall state the following particulars:—

(*a*) a description of the land sufficient to enable it readily to be identified;

(*b*) the class or classes to which it is assigned, with the area of the portion included in each such class;

(*c*) the substance of the provisional estimates made under sub-rule (*1*);

(*d*) a time, not less than thirty days after the date when the notice is served, by which objections will be received under sub-section (*1*) of section 11; and the place at which they will be received;

(*e*) the time and place at which such objections will be heard.

(*3*) Such notice shall be served in the manner specified in rule 39 for the service of a notice of demand under section 14.

(*4*) An objection under sub-section (*1*) of section 11 shall be in the form of a petition and stamped with a court-fee stamp of twelve annas, and shall be addressed to the Collector.

(*5*) If no objection is received the Collector shall declare the provisional estimates made under sub-rule (*1*) to be final estimates.

(*6*) If an objection is received, the Collector after giving the objector an opportunity of stating his case and after making or causing to be made such enquiries, if any, as he thinks necessary, shall make final estimates of the usual *salami* payable for such land as it was (*i*) at the time of the settlement and (*ii*) before the commencement of the improvement work.

(*7*) Thereafter the Collector shall fix the amount of the additional improvement levy to be payable in respect of the land under sub-section (*1*) of section 11. In fixing the amount of the additional improvement levy the Collector may take into consideration any profit that may have been derived prior to the improvement by the person who settled the land.

(*8*) The additional levy so fixed shall be published in a statement under section 13.

Procedure to be followed by officers and persons authorised under sub-sections (1) and (2) of section 24.

70. (*1*) No officer or person authorised under sub-section (*1*) of section 24 shall enter upon any land for making or causing to be made any boring or excavation thereon for the purpose of ascertaining the nature of the soil either without the consent of the occupier or one of the occupiers thereof or, without previously giving the occupier or one of the occupiers at least three days' notice in writing of his intention to do so.

(2) A notice under sub-rule (1) or under the proviso to sub-section (1) of section 24 shall be served in the manner specified in rule 39 for the service of a notice of demand.

71. At least three days before possession of any standing crop is taken under sub-section (2) of section 24, the officer authorised under sub-section (1) of that section shall serve in the manner specified in rule 39 for the service of a notice of demand, the notice referred to in the said sub-section (2) on the occupier of the land on which the crop stands or on his representative or, if there be more than one occupier, on one of such occupiers or on the representative of such occupiers or of any one of such occupiers. Such notice shall contain the following particulars:—

(a) the settlement number of the plot on which such crop stands;

(b) the area (in square feet) from which it is proposed to cut and remove such crop; and

(c) the date and the approximate times when possession will be taken of such crop.

The offer of compensation and the manner of assessment of damage under section 24 (3).

72. An officer authorised under sub-section (1) of section 24 shall not offer compensation to any person interested for any damage that may have been caused during the process of cutting and removal of crops under sub-section (2) of that section, if such damage can be and has been set right by him or if it is so slight that no reasonable man would claim compensation for it.

73. (1) If an offer made under sub-section (3) of section 24 is not accepted, the officer who has made it shall forthwith refer the matter to the Collector in a written report which shall state the amount of compensation offered, the nature of the damage and the amount of compensation demanded.

(2) After receipt of such report the Collector shall, for the purpose of assessing the value of the crop cut and the amount of the damage caused, make a summary inquiry either personally or through an officer subordinate to him other than the officer who has offered the compensation and at such inquiry any person interested who has not accepted the compensation offered shall be given an opportunity of stating his case and producing witnesses in support of it.

(3) If damage has been done to produce for which a price has been fixed under section 9, the Collector in assessing the amount of the damage shall take such price into consideration.

Manner of giving notice under section 25.

74. A notice under section 25 shall be served in the manner specified in rule 39 for the service of a notice of demand.

75. The officer to whom any record or document is delivered under section 25 shall give a receipt for such record or document to the person who delivers it if he removes it from the presence of such person.

Objections to notifications under section 30.

76. A notification issued under section 30 shall contain descriptions of the proposed drainage work and of the area likely to be affected by it, and shall fix a date, not less than one month from the date of the publication of such notification, by which objections may be submitted by persons interested.

Such notification shall besides being published in the *Calcutta Gazette* be also published at the offices of the Collector, District Judge, Superintendent of Police and Sub-Registrar within the area of whose jurisdiction the drainage work is proposed to be carried out.

77. Every such objection shall be submitted in writing to the Collector who, after making or causing to be made such inquiries, if any, as he thinks necessary, shall submit the objection for the decision of the Provincial Government with the record of any proceedings held by him and a report containing his recommendations on the objection.

Order for the modification of obstructions.

78. The Collector shall not issue an order under sub-section (*2*) of section 32 on any person to modify an artificial obstruction in such a manner as to prevent the retention of sufficient water on the land where the obstruction exists for the reasonable immediate needs of a paddy crop.

Procedure for determining compensation under section 36(1).

79. (*1*) A claim under section 35 shall be made in writing, shall give particulars of the damage or loss sustained and shall state the amount of compensation claimed; and it shall be signed by the claimant or his authorised agent. If the claim is submitted through a pleader, it shall be signed both by the claimant or his authorised agent and by the pleader.

Explanation.—In this sub-rule the word "pleader" includes any legal practitioner as defined in the Legal Practitioners Act, 1879.

(*2*) On receipt of such claim the Collector shall fix a day on which an inquiry will be held either by himself or by another officer, and, on that day or on any other day to which such inquiry has been adjourned, the claimant shall be given an opportunity to explain his case and to produce evidence in support of it.

(*3*) If the Collector has caused the inquiry to be made by another officer, such officer shall submit to him a report in writing, stating the facts as determined by such officer.

(*4*) The Collector shall thereupon, after considering any representation that has been made by the claimant, give a decision in writing as to the amount of compensation, if any, which shall be granted.

Grant of compensation under section 36.

80. In coming to a determination under sub-section (*2*) of section 36, regard shall be had to the following:—

(*1*) The Collector shall grant no compensation to the claimant for any damage which—

(*a*) if caused by a private person, would not render such person liable to a suit;

(*b*) is consequent upon the removal or modification of an obstruction in any river, stream, natural water channel or natural drainage course within the limits of any tract included in a prohibitory notification under section 6 of the Bengal Embankment Act, 1882 (Bengal Act II of 1882):

Provided that when the obstruction has been allowed on payment to the Provincial Government of a fee under the Bengal Irrigation Act, 1876, repayment of the whole or part of the fee paid may be allowed as compensation;

(*c*) is consequent upon the removal or modification of any obstruction in any river, stream, natural water channel or natural drainage course, if such removal or modification interferes with a right which the claimant has enjoyed for using such obstruction as a means of access to any place;

(*d*) is consequent upon the stoppage or diminution of any facilities for irrigation afforded by any obstruction that is removed or modified, if the Collector is satisfied that other adequate facilities for irrigation have been provided;

(*e*) is consequent upon a fishery being injuriously affected by the removal or modification of any obstruction that is intended or used for or in connection with fishing.

(*2*) If the Collector is satisfied that the removal or modification of an obstruction under section 31 has involved or will involve (*a*) damage to any building or (*b*) substantial deterioration or diminution of any supply of drinking water, he may grant compensation—

(*i*) in case (*a*), not exceeding the cost as estimated by him of the dismantling and removal to a reasonable distance of the materials of such building and of its reconstruction, and

(*ii*) in case (*b*), sufficient in his opinion to meet the cost of providing an adequate supply of drinking water of the quality not inferior to that which the claimant previously enjoyed:

Provided that he shall grant no such compensation if he is satisfied that an adequate supply of such drinking water is available within a convenient distance.

(*3*) When the claim is in respect of damage which (*a*) has been caused to a crop, or (*b*) is likely to result from inability to grow a crop, owing to the removal or modification of an obstruction under section 31, the Collector may grant as compensation in case (*a*) the value of the crop damaged as estimated by him and in case (*b*) six times the value as estimated by him of the average annual outturn of the land covered by the claim.

(*4*) When the claim is in respect of damages in consequence of modification, under section 32, of any artificial obstruction, the Collector may, in assessing the compensation, take into consideration the value of any increase in the average outturn from other land in the occupation of the claimant which in the opinion of the Collector will be made possible by the modification of such obstruction.

(*5*) When a claim is preferred for compensation under clause (*b*) of section 35, the Collector may, in assessing the compensation, take into consideration any increase that has accrued or is likely to accrue to the value of the land in respect of which the claim is preferred owing to the improvement work.

Reference of dispute to Court under section 36 (3).

81. A reference to a Court by a Collector under sub-section (*3*) of section 36 shall contain the following particulars:—

(*i*) description and area of the land in respect of which compensation is granted,

(*ii*) names and addresses of the persons interested,

(*iii*) the grounds upon which the compensation is granted,

(*iv*) the amount of compensation determined under sub-section (*1*) of section 36, and

(*v*) the particulars of the dispute."

NOTIFICATION.

Calcutta, the 26th February 1940.

It is ordered by the High Court of Judicature at Fort William in Bengal that, with effect from the 1st day of April 1940, the following rules framed under the heading Chapter XXXIII shall come into force and be inserted in the Rules and Orders of the High Court, Original Side, 1914, after Chapter XXXII of the said Rules and Orders and that the amendments set forth below be made in Appendix L and Chapter V of the said Rules and Orders:—

CHAPTER XXXIII.

APPEALS TO THE FEDERAL COURT.

1. Matters connected with appeals to the Federal Court other than those with which the Registrar is authorised to deal, shall ordinarily be heard by the Division Bench appointed to deal with such matters (in this chapter called "the Appellate Court").

2. Matters relating to (1) service of notice or other processes, (2) substitution of parties and appointment or discharge of next friend or guardian-ad-litem of minors and of persons of unsound mind, until the admission of the appeal, (3) preparation of paper-books, and (4) return of documents; and matters not expressly required to be dealt with by the Appellate Court shall be dealt with and disposed of by the Registrar.

3. Where a certificate has been given under section 205(*1*) of the Government of India Act, 1935, and the only ground of appeal is that a question of law as to the interpretation of the Government of India Act, 1935, or any order in Council made thereunder has been wrongly decided, and application for leave to appeal to the Federal Court shall be to the Appellate Court by ex parte petition verified by an affidavit.

4. Where a certificate has been given under section 205(*1*) of the Government of India Act, 1935, and the grounds of appeal include, in addition to the ground mentioned in the preceding rule, the ground that it fulfils as regards amounts or value and nature the requirements of section 110 of the Code or is otherwise a fit case for appeal to the Federal Court, an application for leave to appeal to the Federal Court, shall be to the Appellate Court by notice of motion supported by a petition verified by an affidavit which shall be in form No. 4 with such modifications as the circumstances may require. The notice, unless otherwise ordered, shall be given for the day fixed by the Appellate Court for hearing Federal Court matters and shall call upon the opposite party, to show cause, within four days after service thereof, why a certificate under Order XLV, rule 3 of the Code, should not be granted.

5. Where a certificate is granted under Order XLV, rule 3 of the Code, the appellant shall, within the time prescribed by law or within such further time as may be granted by the Appellate Court, find security for the payment of costs, ordinarily to the extent of Rs. 4,000 and as such security shall, unless otherwise specially ordered by the Appellate Court, deposit with the Registrar either cash or Government securities. In special cases the Appellate Court may require security for costs of appeals to a larger amount.

6. The appellant shall (in addition to security where required) deposit with the Registrar, towards defraying the fees and expenses to be incurred in transcribing or preparing and forwarding to the Registrar of the Federal Court the transcript or printed record, the sum of Rs. 400 and such further sum (if any) as may be subsequently required by the Registrar, within the time prescribed by law or within such further time as may be allowed by the Appellate Court.

7. The applicant, at the time the deposit or any further deposit under rule 6 is required, may apply to the Registrar for an estimate of the fees and expenses in the said rule mentioned. Such estimate

shall be prepared and shall include the matters referred to in the preceding rule and be framed in accordance with the fees and expenses therein specified. The appellant shall be entitled to be heard by the Appellate Court on any objection he may make to the estimate but shall not delay the making of the deposit or the further deposit.

8. After the security, where required, has been given and/or deposit made under rules 5 and 6, a certificate to that effect shall be drawn up in the Registrar's office, and after signature by the Registrar, be submitted by him to the Appellate Court. The Appellate Court shall thereupon declare the appeal admitted under the provisions of Order XLV, rule 8 of the Code, and an order to that effect shall be drawn up and filed.

9. On the admission of an appeal to the Federal Court, notice of such admission shall be issued by the Registrar for service on the respondent on record. Such notice shall be served by the attorney for the appellant within a week from the date of issue thereof or such extended time as may be allowed and an affidavit of due service thereof shall be filed by such attorney within four days from the date of such service.

10. Subject to such directions as may from time to time be given by the Federal Court under rule 2 of Order X of the Federal Court Rules, the record shall be prepared in accordance with rules 11 to 20 of this chapter.

11. (*a*) The appellant shall, within four days from the date of the order declaring the appeal admitted, file in the Accounts Department of the Registrar's office a draft of the index in Form No. 5 (with such modifications as the circumstances may require) of all documents to be included in the transcript or printed record and a list of all other papers, documents and exhibits in the suit, appeal or matter, to be excluded therefrom under paragraph (*b*) hereof or under Order XLV, rule 7(*1*)(*b*) of the Code, together with a requisition for the settlement of the Index by the Registrar and shall furnish copies thereof to the other parties;

(*b*) the Registrar, as well as the parties and their agents shall endeavour to exclude from the record all documents (more particularly such as are merely formal) that are not relevant to the subject-matter of the appeal, and, generally to reduce the bulk of the record as far as practicable, taking special care to avoid the duplication of documents and the unnecessary repetition of headings and other formal parts of documents but the documents omitted to be printed or copied shall be enumerated in a type-written list to be transmitted with record.

12. Upon receipt of the draft index, list and requisition, the Registrar shall cause notice to be served upon the parties fixing a day not more than a week from the date of the said notice for settlement of the index and list.

13. Any of the parties who may be dissatisfied with the decision of the Registrar on the settlement of the index and list may, within a fortnight from the date of such decision, apply to the Appellate Court, on notice to the other party or parties, for an order that any paper on the record not already included in the index or list may be added thereto, or where already included may be excluded therefrom. The cost of such application shall be paid by such party or parties as the Appellate Court shall think fit.

14. The transcript or printed record for the use of the Federal Court shall consist of Parts I and II in the same volume, each part having its own index, but both indices shall be placed at the beginning of the volume. The contents of Part I and Part II, with their indices shall be the same as those of Part I and Part II, respectively, as set forth in rules 11 and 12 of Chapter XXXI, except that Part I shall contain the following additional documents in the order shown:—

(6) order on such application; and

(7) order declaring the appeal to the Federal Court admitted.

The parties will be responsible for arranging the record in proper order for the Federal Court, and in difficult cases counsel may be asked to settle it.

15. In all civil cases, the portion of the record set out in the index shall be printed and the printed record certified by the Registrar.

16. After the index and list have been settled, a copy thereof and where there has been no paper-book used in the appeal from the Original Side, copies of the records set out in the index to the various parts shall be made over to the appellant's attorney. The appellant's attorney shall then cause the record to be printed in accordance with the following directions:—

The extra fifty copies mentioned in rule 19 of Chapter XXXI may be utilised in Parts I and II for the use of the Federal Court, provided they comply with all the abovementioned conditions.

17. Before the paper-book is printed, the final or press proof thereof shall (unless otherwise directed by the Registrar) be brought into the Registrar's office for the purpose of being examined by the Examiners Department of the Original Side and being passed by the Registrar. The Registrar may call for one or more further proofs until he is satisfied that the order to print can be given. 20. In case any original documents or exhibits are required to be transmitted with the transcript or printed record, application for an order to the Registrar to transmit such documents may be made in Chambers to the Judges constituting the Appellate Court.

21. After the despatch of the transcript or printed record to the Registrar of the Federal Court, the actual cost of and in connection with the same shall be ascertained and any balance remaining in the hands of the Registrar shall be refunded to the appellant.

22. Notice of the despatch of the transcript or printed record to the Registrar of the Federal Court shall be issued by the Registrar for service on the respondent, whether he shall have appeared on the hearing of the application for a certificate under Order XLV, rule 3 of the Code, or not. Such notice shall be served by the attorney for the appellant within a week from the date of issue thereof or such extended time as may be allowed and an affidavit of due service thereof shall be filed by such attorney within four days from the date of such service.

No. 334/OR./40.—In exercise of the powers conferred by section 2 of the Defence of India Act, 1939 (XXXV of 1939), the Central Government is pleased to direct that the following further amendment shall be made in the Defence of India Rules, namely:—

After rule 84 of the said Rules, the following rules shall be inserted in Part XII, namely:—

"84A. *Definitions.*—(*1*) In rule 84B, unless there is anything repugnant in the subject or context,—

(*a*) "Enemy" and "enemy subject" have the meanings respectively assigned to them by rules 97 and 103;

(*b*) "Design", "invention", "patent" and "patentee" have the meanings assigned to them by section 2 of the Indian Patents and Designs Act, 1911.

(*2*) Where a patent has been granted to any person in respect of an invention communicated to him by some other person, that other person shall, for the purposes of rule 84B be deemed to have an interest in the patent unless the contrary is proved.

84B. *Power of Central Government to grant licences under patents, or designs of enemies and enemy subjects.*—(*1*) Where—

(*a*) an enemy or an enemy subject is, or has at any time subsequent to the 2nd September 1939 been, whether alone or jointly with any other person, the proprietor of a patent or registered design, or entitled to any other interest in a patent or registered design (not being merely the interest of a licensee), and

(*b*) the Central Government is satisfied that it is expedient for securing the defence of British India or the efficient prosecution of the war or for maintaining supplies and services essential to the life of the community that the rights conferred by the patent should be exercised, or that the design should be applied, as the case may be, and that a person who is not an enemy or an enemy subject desires to exercise the said rights or apply the said design and is in a position so to do,

the Central Government may, on the application of that person, make an order granting to him a licence under the patent or for the application of the design, as the case may be, either for the whole of the residue of the term of the patent or the registration, or for such less period as the Central Government thinks fit.

(2) The power of the Central Government under this rule to make an order granting a licence shall include the power—

(a) to make an order granting an exclusive licence;

(b) to make an order granting a licence in relation to a patent or registered design, notwithstanding that a licence, whether exclusive or otherwise (not being an exclusive licence granted by virtue of the powers conferred by this rule), is in force in relation thereto; and

(c) to make an order granting a licence on any terms that the Central Government may think expedient.

(3) Where, under the power conferred by this rule, the Central Government makes an order granting a licence in relation to a patent or registered design, in relation to which any other licence has been granted otherwise than by an order made under this rule, the Central Government may, in relation to that other licence, make such order—

(a) revoking the licence;

(b) revoking or varying any conditions subject to which the licence has effect; or

(c) revoking or varying any of the provisions of a contract relating to the licence in so far as they relate thereto,

as appears to it to be expedient having regard to the order made under sub-rule (1).

(4) An order granting a licence under this rule shall, without prejudice to any other method of enforcement, operate as if it were embodied in a deed granting the licence which the patentee or the proprietor of the registered design, as the case may be, and all other parties having any interest therein, had executed with full capacity so to do, and the order shall accordingly operate to take away from any such party any right in relation thereto, the exercise whereof would be inconsistent with the exercise of the licence in accordance with and subject to the terms on which it is granted.

(5) A licensee under a licence granted under this rule may institute proceedings for infringement in his own name as though he were the patentee or the proprietor of the registered design, as the case may be, so however, that any person other than an enemy who, whether alone or jointly with any other person, is the patentee or the registered proprietor of the registered design, as the case may be, shall, unless the court in which the proceedings are taken thinks fit to direct otherwise, be made a party to the proceedings, either—

(a) if he consents in writing thereto, as a plaintiff, or

(b) if he does not so consent, as a defendant.

Where any person is made defendant to any proceedings by virtue of this sub-rule, he shall not be liable for any costs unless he enters an appearance and takes part in the proceedings.

(6) An order granting a licence under this rule shall give directions as to the person to whom or the manner in which the licensee is to pay or deal with any royalties or other payments to be paid in respect of the licence.

(7) An order under this rule and a licence granted by such an order may be varied by a subsequent order made by the Central Government either:—

(a) where the licensee makes application to the Central Government for the variation thereof, or

(b) where the Central Government is of opinion that circumstances have arisen which make it just and equitable, or that it is expedient for the purposes specified in clause (b) of sub-rule (1), that it should be varied.

(8) An order under this rule and a licence granted by such an order may be revoked by a subsequent order made by the Central Government in any of the following cases, that is to say:—

(a) where the licensee makes application to the Central Government for the revocation thereof;

(b) where it appears to the Central Government that it was obtained by any misrepresentation, whether intentional or not, or was made or granted without the Central Government's having full knowledge of the material facts;

(c) where the licensee has failed to comply with any term on which the licence was granted or with a direction given under sub-rule (6), or has failed to exercise the licence in such a manner as to satisfy the reasonable requirements of the public in relation to the invention or registered design, as the case may be, or has charged, unreasonable or excessive prices in respect of anything made or done in the exercise of the licence; or

(d) where the Central Government is of opinion that circumstances have arisen which make it just and equitable, or that it is expedient for the purposes specified in clause (b) of sub-rule (1), that it should be revoked.

(9) Any licence granted under this rule may provide that the licensee may, subject to such conditions as may be imposed by the Central Government, adopt the name used by the patentee for describing or denoting the article or substance manufactured under the patent.

(*10*) The fee to be paid on an application under this rule for an order—

(*a*) granting a licence,

(*b*) revoking any licence,

(*c*) revoking or varying any conditions subject to which any licence has effect, or

(*d*) revoking or varying any of the provisions of a contract relating to any licence in so far as they relate thereto,

shall be rupees twenty in respect of each patent or registered design.

84C. *Effect of wrong decision as to enemy character.*—No order made by the Central Government under rule 84B shall be held to be invalid by reason only that any decision made for the purposes of the order that a particular person is an enemy or an enemy subject is wrong."

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 1000L.A.—28th February, 1940.—The following report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940.

We, the members of the Select Committee to which the Bengal Non-Agricultural Tenancy (Temporary Provisions) Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 15th February, 1940, beg to submit this our report with the Bill embodying amendments recommended by us annexed.

The Committee met for the first time on the 20th February, 1940, and thereafter on the 21st, 23rd and 26th February, 1940, when they concluded their deliberations on the Bill.

The Bill was published before introduction in the *Calcutta Gazette* of the 30th January, 1940, and has not been altered by us to the extent of requiring republication.

The reasons for alterations made in the Bill except those of a verbal and consequential nature are as follows:—

Clause 1.

Sub-clause 2.—The sub-clause has been amended to extend the application of the Act to all areas outside Calcutta and its notified suburbs as we did not consider any further limitation advisable.

Sub-clause 3.—This sub-clause has been deleted as we did not consider it advisable to specify the period of continuation of the Act.

Clause 2.

The definition has been expanded for the purpose of clarity.

Clause 3.

The operation of this clause has been extended to cover suits as well as proceedings in execution as we did not consider that the original provision would fully meet the purpose of the Bill.

Provisos (*a*) and (*b*) have been deleted as we did not consider that suits or proceedings for ejectment for non-payment of rent or breech of conditions should be protected.

Clause (*c*) has been amended to attract the operation of sections 106 and 116 of the Transfer of Property Act relating to holding over.

Clause 4.

Time-limit for an application has been extended by the substitution in lines 9 and 10.

The concluding words have been deleted to leave to the discretion of the Courts the matter of costs according to the merits of each case.

NOTE.—The signature of Sir Hari Sankar Paul, M.L.A., had not been received till the time of printing this report.

Minute of dissent by Maulvi Abu Hossain Sarkar, M. L. A.

I sign the report reserving my right to propose amendment for dropping the proviso of clause 3.

Minute of dissent by Mr. P. Banerjee, M. L. A.

I sign the report subject to the following minute of dissent.

Although it has been decided by the Committee that the Bill has not been so altered as to require republication I think that the Bill should be republished with a view to obtaining public opinion as the scope of the Bill has been very much widened.

In clause 3 of the Bill there should have been a provision empowering the owner of the land to take possession for his own use or occupation with proper safeguards as was provided in section 11 of the Calcutta Rent Act of 1920.

The proviso of clause 3 as now aimed contemplates that a tenant on the expiry of his lease is liable to ejection but a tenant whose lease has already expired and a good landlord has allowed him to hold over cannot be ejected, although he is to be deemed as a tenant from month to month or from year to year. This is somewhat anomalous and there should be equal treatment in all the cases.

The clause 8 is absurd and should be deleted.

There is no sufficient reason for retention of this clause making differential treatment between landlords and landholders.

I reserve my right of moving necessary amendments in this connection.

Minute of dissent by Mr. George Morgan, C.I.E., M. L. A.

I cannot agree with the deletion of clause 1, sub-clause 3, on which the temporary nature of the Bill referred to in the Preamble and the Title of the Bill entirely depends.

THE BENGAL NON-AGRICULTURAL TENANCY (TEMPORARY PROVISIONS) BILL, 1940.

NOTE.—All matters omitted by the Select Committee have been printed in italics and included in square brackets and all new matters inserted have been underlined.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL No. 3 OF 1940.

A Bill to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be.

WHEREAS it is expedient to extend the operation of the criminal law to offences committed on ships or aircraft registered in British India wherever they may be, and for that purpose further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898; XLV of 1860. V of 1898.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Offences on Ships and Aircraft Act, 1940.

Amendment of section 4 of Act XLV of 1860.

2. In section 4 of the Indian Penal Code, after clause (*3*) the following clause shall be inserted, namely:—

"(*4*) any person on any ship or aircraft registered in British India wherever it may be."

Amendment of section 188 of Act V of 1898.

3. In section 188 of the Code of Criminal Procedure, 1898, after the words "Prince or Chief in India", where they occur for the second time, the following words shall be inserted, namely:—

"or

when any person commits an offence on any ship or aircraft registered in British India wherever it may be,".

STATEMENT OF OBJECTS AND REASONS.

The Indian Aircraft (Amendment) Act, 1939 (XXXVII of 1939), was enacted to enforce compliance with certain regulations, framed to meet India's extra-territorial obligations arising out of the International Covention of 1919, by all aircraft registered in India, wherever they may happen to be. In order to make these regulations effective it has been found necessary to amend section 4 of the Indian Penal Code and section 188 of the Code of Criminal Procedure, 1898. As the law now stands, offences committed (*a*) outside British India by foreigners and (*b*) by British subjects other than Indian British subjects outside India on aircraft registered in British India cannot be dealt with in British Indian Courts. It is therefore now proposed to amend the criminal law so as to extend its operation to offences committed by such persons on aircraft registered in British India wherever it may be. It is also proposed to take advantage of this opportunity to make a similar amendment in the law in so far as offences on ships registered in India are concerned.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940:—

L. A. BILL No. 6 OF 1940.

A Bill to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy.

WHEREAS it is expedient to provide for the retention in service of certain persons enrolled for service in the Royal Indian Navy;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Royal Indian Navy (Extension of Service) Act, 1940.

Extension of service where term of service has expired.

2. (*1*) Until such date as may be notified by the Central Government as the date of termination of the present hostilities, any person enrolled for service in the Royal Indian Navy who, by reason of the expiry of the term for which he engaged to serve when so enrolled, is no longer liable for service shall notwithstanding such expiry continue to be enrolled for service and to be liable for service in the Royal Indian Navy until he is discharged by order of the Officer Commanding the Royal Indian Navy:

Provided that the period for which the service of any such person is extended under this section shall not exceed five years from the day on which his service would otherwise have terminated.

(*2*) The provisions of this section shall apply also to any person enrolled for service in the Royal Indian Navy if the expiry of the term for which he engaged to serve occurred between the 2nd day of September, 1939, and the commencement of this Act.

---

*The Governor-General has been pleased to give the previous sanction required by section 108 (*1*) (*c*), read with section 313 (*4*) (*a*) of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

In view of the present emergency, this Bill is intended to secure that all classes of men now serving in the Royal Indian Navy, whose terms of service may have expired after the 2nd September, 1939, or may expire during the period of hostilities, may be required, if necessary, to serve after the expiration of their current engagements. Formerly, ratings could be retained in the service until the cessation of hostilities in accordance with a notification issued under section 4 of the Indian Marine Act, 1887. The Indian Marine Act of 1887 was, however, repealed by the passing of the Indian Navy (Discipline) Act of 1934, and this provision lapsed. This Bill is designed to revive that provision in order to ensure that the strength and efficiency of the Royal Indian Navy is maintained during the present hostilities.

STATEMENT OF OBJECTS AND REASONS.

Although in the draft of the Defence of India Rules power had been taken to impose restrictions in the event of war upon foreigners in British India, it was found necessary to take those powers in the period of tension immediately preceding the outbreak of war, and in advance of the promulgation of the Defence of India Ordinance. The substance of Part V of the Defence of India Rules together with certain supplementary provisions taken from Part XVIII of those rules was accordingly promulgated in the form of the Foreigners Ordinance, 1939, on the 26th August, 1939. In consequence of this step, all action so far taken in connexion with the war in respect of foreigners has, with the exception of that provided for in rule 31A of the Defence of India Rules, been taken in pursuance of orders made under the Foreigners Ordinance. It was at one time intended to replace these orders in the expiry of the Foreigners Ordinance by orders made under the Defence of India Rules. In view, however, of the self-contained nature of the Foreigners Ordinance and of the danger of confusion which might follow upon the re-issue of the substance of orders made under that Ordinance in the form of orders and rules made under the Defence of India Act, Government came to the conclusion that it would be preferable to replace the Foreigners Ordinance by an Act having the same relation to that Ordinance and the orders made thereunder as the Defence of India Act has to the Defence of India Ordinance and the rules made thereunder.

2. The Bill is, therefore, a reproduction in the form of an Act of the Foreigners Ordinance with two additions only, one, sub-clause (*3*) of clause (*1*), providing that the Act shall have effect for the duration of the present war and six months thereafter, and the other, clause 15, providing for the continuance of all action taken under the Foreigners Ordinance, thus obviating the necessity for the re-issue in an amended form of those orders. If the Bill is passed, rules 30, 31, 32 and 33 of the Defence of India Rules will be redundant and will be withdrawn, but rule 31A will continue to have effect by virtue of clause 15 of the Bill.

R. M. MAXWELL.

NEW DELHI;

The 30th January, 1940.

NOTES ON CLAUSES.

(With the exception of clause 15, which is new, the numbering of the clauses of the Bill follows that of the sections of the Foreigners Ordinance.)

Clause 1.—Is an adaptation of section 1 of the Foreigners Ordinance, sub-section (*3*) being a reproduction of sub-section (*4*) of section 1 of the Defence of India Act, 1939.

Clause 2.—It was considered desirable to exclude the subjects of Indian States and the natives of tribal areas from the definition of "foreigner", since the necessity for the imposition of restrictions upon these persons as a class is not likely to arise.

Clause 3.—Provides for the control of the entry into, departure from and residence, movements and conduct in, British India of foreigners. In general, the clause covers the same ground as sub-section (*1*) of section 1 of the British Aliens Restriction Act of 1914.

Clause 4.—In consequence of Government's decision to intern, as a preliminary measure, all male enemy subjects of or over the age of 16 years whether of military age or not, it was necessary to determine the status of persons so interned. An examination of this question led Government to the conclusion that, while the general principles relating to prisoners of war laid down in the Hague Convention on the subject should apply to their treatment, they are not, for all purposes, prisoners of war. Special provision was, therefore, necessary to sanction the determination of the conditions of their internment and kindred matters.

Sub-clause (*1*) is an amplified form of sub-rule (*3*) of rule 31 of the Defence of India Rules, while sub-clauses (*2*), (*3*) and (*4*) are an adaptation of rule 28 of those rules imported into the Ordinance in consequence of the inapplicability of the term "prisoners of war" in that rule.

Clause 5.—In order to prevent foreigners from evading surveillance, it is necessary to prohibit their changing the names under which they were registered on the outbreak of war. There is a corresponding provision in section 7 of the British Aliens Restriction (Amendment) Act of 1919.

Clause 6.—In the event of use being made of the power conferred by clause 3 (*2*)(*a*) for the control of immigration, the assistance of masters of vessels will be necessary. The clause is based upon section 20 of the Foreigners Act, 1864. During the last war, the emergency sections of this Act were brought into force and were supplemented by a Foreigners Ordinance. An examination of the provisions of that Act has shown that it is in many ways obsolete, and is, in any case, as was shown by experience during the last war, inadequate to deal with a war emergency. To prevent confusion and a multiplicity of enactments, it was decided not to enforce sections 6 to 25 of the Foreigners Act, but to take such powers as that Act would provide in the self-contained Foreigners Ordinance.

Clause 7.—For the effective enforcement of orders in respect of foreigners it is essential that the burden of proof that an individual is not subject to those orders should lie upon him. A corresponding provision will be found in section 2 of the Foreigners Act, 1864, in sub-section (*4*) of section 1 of the British Aliens Restriction Act of 1914, and in section 4 of the Registration of Foreigners Act, 1939.

Clause 8.—May be compared with section 25 of the Foreigners Act, 1864, and section 6 of the Registration of Foreigners Act, 1939.

Clause 9.—This clause is necessary to import in respect of the control of foreigners the power conferred by rule 132 of the Defence of India Rules which does not apply to orders made under the Foreigners Ordinance.

Clause 10.—The power of delegation is an administrative necessity.

Clause 11.—May be compared with rules 121 and 123, and with sub-rule (*5*) of rule 25, of the Defence of India Rules.

Clause 15.—This clause is based upon section 21 of the Defence of India Act, but, for the avoidance of confusion, has been amplified so as to make it beyond doubt that rule 31A of the Defence of India Rules shall continue to have effect in respect of the Regulations for the Maintenance of Discipline among Enemy Internees which were made under the Foreigners Ordinance on the 5th December, 1939.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 6th February, 1940 :—

L. A. BILL No. 4 OF 1940.

A Bill further to amend the Indian Coinage Act, 1906.

WHEREAS it is expedient further to amend the Indian Coinage Act, 1906, for the purpose hereinafter appearing ; III of 1906.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Coinage (Amendment) Act, 1940.

Amendment of section 5 of Act III of 1906.

2. For section 5 of the Indian Coinage Act, 1906 (hereinafter referred to as the said Act), the following section shall be substituted, namely :—

Standard weight and fineness.

"5. (*1*) The standard weight of the Government rupee shall be one hundred and eighty grains troy.

(*2*) The other silver coins shall be of proportionate weight.

(*3*) The standard fineness of the Government rupee shall be as follows, namely, eleven-twelfths, or one hundred and sixty-five grains of fine silver, and one-twelfth, or fifteen grains of alloy : of the half-rupee, eleven-twelfths, or eighty-two and a half grains of fine silver, and one-twelfth, or seven and a half grains of alloy : and of the quarter-rupee, one-half, or twenty-two and a half grains of fine silver, and one-half, or twenty-two and a half grains of alloy.

(*4*) In the making of silver coins, a remedy shall be allowed of an amount not exceeding the following, namely:—

	Remedy in weight.	Remedy in fineness.
Rupee, Half-rupee	Five-thousandths	.. Two-thousandths.
Quarter-rupee	Nine-thousandths	.. Five-thousandths.

and in applying the said remedies to quarter-rupees the remedies shall be applied to the average of one hundred coins and not to individual coins."

Amendment of section 15, Act III of 1906.

3. To section 15 of the said Act the following sub-section shall be added, namely :—

"(*3*) All quarter-rupee silver coins which may have been issued under this Act prior to the commencement of the Indian Coinage (Amendment) Act, 1940, shall continue to be a legal tender in payment or on account for any sum not exceeding one rupee at the rate of four for a rupee."

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

With the rise in commodity prices the demand for small coin, particularly four-anna pieces, has greatly increased. The minting of nickel four-anna pieces was stopped some years ago and it is not the intention to revive the minting of these coins. It would, however, be extremely wasteful to turn out a large quantity of silver four-anna pieces of the present fineness of eleven-twelfths silver and one-twelfth alloy. It is therefore proposed to mint silver quarter-rupees of the reduced fineness of one-half silver and one-half alloy.

---

*The Governor General has been pleased to give the previous sanction required by section 153 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

STATEMENT OF OBJECTS AND REASONS.

The accounts of the Reserve Bank of India are at present closed on the 31st December each year. As this date coincides with the height of the busy season, the Reserve Bank experiences considerable difficulty in closing its accounts and in preparing its annual report for submission to the share-holders within six weeks as prescribed in section 14 of the Reserve Bank of India Act. The Reserve Bank has therefore requested Government to introduce the necessary legislation to enable it to close its accounts on the 30th June of each year.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 28th February 1940.

Summary.—During the week the rainfall was generally light to moderate. It has facilitated field operations for autumn crops and proved beneficial to the growth of standing crops. Harvesting of *rabi* crops continues in full swing. Prospect of standing crops is generally fair. In Murshidabad 2,104 labourers attended the test relief centres on Saturday, the 24th February 1940. The average price of common rice for the province has fallen by about 0·02 per cent. as compared with that of the previous week.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th February 1940.

Second Forecast of the Spring Oilseed Crops of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under linseed in Bengal has represented some 3·3 per cent. and that of rape and mustard 12·4 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the first forecast a spell of drought set in and adversely affected the growth of the crops. Some damage has also been done by insect pests at places. The present condition of the crops is fair.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 964,600 this year as against 987,600 and 978,000 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the Province works out at 76 per cent. of the normal as against 77 and 76 per cent. reported, respectively, in the corresponding and final forecasts of last year.

M. Carbery,

Director of Agriculture, Bengal.

COMMUNIQUE.

The revision of the electoral rolls for all the constituencies of the Bengal Legislative Assembly is now nearing completion, and the revised rolls will be published in draft on the 1st April 1940.

2. Every effort has been made to make the rolls as complete and as accurate as possible, but persons who consider themselves qualified to vote are advised to inspect the rolls, when they are published, to see if their names are included. If their names are not included, or if they consider that there is any inaccuracy in the entries, they may make claims to have their names included, or may submit objections to entries which they consider to be inaccurate or wrong.

3. A complete copy of the draft rolls for the constituencies will be published at the offices of the Registering Authority and the Returning Officer. In urban areas, the rolls for General, Muhammadan, Indian Christian and Women's constituencies will be published at the office of the municipality or cantonment concerned and also at convenient places within wards. In rural areas relevant portions of these rolls will be published at the offices of the chaukidari union and union board, at police-stations, sub-registry offices, subdivisional offices, Munsifs' or District Judges' courts and at District offices.

4. Claims and objections must be submitted in prescribed forms and in the manner provided in the rules, and are to be addressed to the Revising Authority. They may be presented either to the Revising Authority or to the Registering Authority or to the District or Subdivisional Magistrate of the district or subdivision to which the claimant or objector belongs, or they may be sent by post to the Revising Authority. In the case of Labour and of Commerce and Industry constituencies claims and objections are to be addressed and presented or sent by post to the Revising Authority. The names of Revising Authorities and Registering Authorities are given in the notices with which the rolls are published.

5. The last date for submitting claims and objections is the 15th April 1940, in respect of the Trade Union Labour rolls and the 1st May 1940 in respect of all other rolls. Under the rules, applications received after the respective dates will be rejected.

6. Claims and objections not submitted in the prescribed forms are liable to be rejected, but there is no objection to a claim or objection being filed on a typed form if a printed form is not available.

(*c*) Any police officer in uniform may at any time when the vehicle is in a public place call upon the driver of a public service vehicle to stop the vehicle and to keep it at rest for such time as may be necessary to enable the police officer to make reasonable examination of the number of passengers and other contents of the vehicle so as to satisfy himself that the provisions of the Act and these Rules and the provisions and conditions of the permit in respect of the vehicle are being complied with.

(*d*) Any Magistrate of first or second class, any police officer of or above the rank of Deputy Superintendent, or any Inspector of motor vehicles shall be entitled at any reasonable time to inspect any public service vehicle in a public place.

114. *Garages for transport vehicles.*—The owners of every transport vehicle shall maintain suitable garages to be approved by the Registering Authority for accommodating their vehicles and shall not allow them to be left standing on the road without sufficient reason.

115. Sub-section (*1*) of section 42 of the Act shall not apply to transport vehicles owned by the Calcutta Corporation and the Communications and Works Department of this Government and used for road making and maintenance.

Chapter V.—Construction, Equipment and Maintenance of Motor Vehicles.

120. *General.*—(*a*) No person shall use and no person shall cause or allow to be used or to be in any public place any motor vehicle which does not comply with the rules contained in this Chapter, or with any order thereunder made by competent authority.

(*b*) Nothing in this rule shall apply to a motor vehicle which has been damaged in an accident while at the place of the accident or to a vehicle so damaged or otherwise defective while being removed to the nearest reasonable place of repair or disposal.

121. *Lamps.*—(1) Save as hereinafter provided, every motor vehicle while in a public place during the period between half an hour after sunset and half an hour before sunrise and at any other time when there is not sufficient light to render clearly discernible persons and vehicles on the road at a distance of five hundred feet ahead, shall carry the following lamps (hereinafter referred to as "obligatory front lamps"):—

(*a*) save in the cases of a motor cycle and an invalid carriage, two lamps showing to the front a white light visible from a distance of five hundred feet and indicating approximately the width of the vehicle;

(*b*) in the cases of a motor cycle and an invalid carriage, one lamp showing to the front a white light visible from a distance of five hundred feet and, where the registration marks exhibited at the front of the vehicle is exhibited on both sides of a plate in the manner prescribed in sub-rule (*e*) of rule 35, so fixed as to illuminate both sides of the plate;

(*c*) in the case of a side car attached to a motor cycle, a lamp affixed to the extreme left hand side of the side car showing to the front a white light visible from a distance of five hundred feet, in addition to the lamp required by clause (*b*) above to be carried on the motor cycle;

and shall, in every case, also carry—

(i) one lamp (hereinafter referred to as the "rear lamp") showing to the rear a red light visible from a distance of five hundred feet; and

(ii) a lamp, which may be the rear lamp or some other device, illuminating with a white light the whole of the registration mark exhibited on the rear of the vehicle, so as to render it legible from a distance of fifty feet to the rear:

Provided that when a motor vehicle is drawing another vehicle or vehicles and the distance between such vehicles does not exceed five feet it shall not, subject to any other provision of these Rules, be necessary for the drawn vehicles to carry obligatory front lamps or for any save the last drawn vehicle to carry a rear lamp or a lamp illuminating the rear registration mark.

(2) Every lamp required under sub-rule (1) to be carried shall, during the aforesaid period, be kept properly lighted and in an efficient condition.

(3) Obligatory front lamps shall be as nearly as possible of the same power and at the same height from the ground.

(4) No lamp showing a light to the front shall be fixed so that the centre of the lamp is more than five feet from the ground, provided that this provision shall not apply to the internal lighting of any motor vehicle or to any light necessary to illuminate the route board of a public service vehicle.

(5) The rear lamp shall be fixed either on the centre line of the vehicle or to the right hand side and, save in the case of a transport vehicle, at a height of not more than three feet and six inches from the ground. In the case of a transport vehicle the rear light may be fixed at such a level as may be necessary to illuminate the registration mark.

(6) Where a trailer is being drawn by a motor vehicle, other than the drawn part of an articulated vehicle, a lamp of as nearly as possible the same size and power as the rear lamp and showing a red light to the rear shall be affixed to the trailer vertically above or below the rear lamp at a distance of not less than two feet or more than three feet from the rear lamp.

(7) No motor vehicle shall show a red light to the front or other than a red light to the rear, provided that this provision shall not apply to the internal lighting of the vehicle or to an amber light if displayed by any direction indicator.

(8) No lamp showing a light to the front shall be used on any vehicle unless such lamp is so constructed, fitted and maintained that the beam of light emitted therefrom—

(*a*) is permanently deflected downwards to such an extent that it is at all times incapable of dazzling any person, standing on the same horizontal plane as the vehicle at a greater distance than 25 feet from the lamp, and whose eye-level is not less than 3 feet 6 inches above that plane; or

(*b*) can be deflected downwards or both downwards and to the left by the driver in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid; or

(*c*) can be extinguished by the operation of a device which at the same time causes a beam of light to be emitted from the lamp which complies with clause (*a*); or

(*d*) can be extinguished by the operation of a device which at the same time either deflects the beam of light from another lamp downwards or both downwards and to the left in such manner as to render it incapable of dazzling any such person in the circumstances aforesaid, or brings into or leaves in operation a lamp or lamps which complies or comply with clause (*a*).

(9) Sub-rule (8) shall not apply to any lamp fitted with an electric bulb if the power of the bulb does not exceed seven watts and the lamp is fitted with frosted glass or other material which has the effect of diffusing the light.

122. *Brakes.*—(*a*) Every motor vehicle shall be fitted with brakes of sufficient strength capable of stopping the vehicle within the distance specified in sub-rule (*j*) and of holding it at rest in all conditions and all the brakes with which the motor vehicle is fitted shall at all times be properly connected and shall be maintained in good and efficient condition.

(*b*) Every motor vehicle, other than an invalid carriage, a trailer, a road roller or a locomotive, shall be equipped with an efficient braking system or systems sufficient to supply two means of operation so designed and constructed that notwithstanding the failure of any part (other than a fixed member or a brake shoe anchor pin) through or by means of which the force necessary to apply the brakes is transmitted, there shall still be available for the driver to apply to not less than half the number of the wheels of the vehicle, brakes sufficient under the most adverse conditions to bring the vehicle to rest within a reasonable distance:

Provided that, save in the cases of a tractor and a heavy motor vehicle, in the event of such failure as aforesaid it shall not be necessary for brakes to be available for application by the driver—

(i) in the case of a motor vehicle registered in India before the first day of April 1940, to more than two wheels; and

(ii) in the case of a motor vehicle having less than four wheels to more than one wheel.

(*c*) The application of one means of operation shall not affect or operate the pedal or hand lever of the other means of operation.

(*d*) In the case of vehicles registered in India on or after the first day of April 1940, no braking system shall be dependent upon the rotation of the engine, and to the braking system of any trailer and of the trailing half of any articulated vehicle:

Provided that this sub-rule shall not apply in the case of a vehicle referred to in clause (ii) of sub-rule (*h*) hereof.

(e) The brakes of a motor vehicle which are operated by one of the means of operation shall be capable of being applied by direct mechanical action without the intervention of any hydraulic, electric or pneumatic device.

(f) In the case of a motor vehicle with more than three wheels, other than an invalid carriage, a road roller or a locomotive, where any brake shoe is capable of being applied by more than one means of operation, all the wheels shall be fitted with brakes, all of which are operated by one of the means of operation:

Provided that, except in the case of a tractor,—

(i) where a motor vehicle has more than six wheels, at least four of which are steering wheels, it shall be a sufficient compliance with this sub-rule if brakes are fitted to all the wheels other than two steering wheels which are situated on opposite sides of the vehicle, and all such brakes are operated by one of the means of operation,

(ii) where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation operates the brakes on two driving wheels situated on opposite sides of the vehicle and the other means of operation operates brakes on all the other wheels required to be fitted with brakes by this sub-rule:

Provided further that, where means of operation are provided in addition to those prescribed by this rule, such additional means of operation may be disregarded for the purposes of this sub-rule.

(g) One at least of the means of operation shall be capable of causing brakes to be applied directly and not through the transmission gear to all the wheels of the vehicle:

Provided that, in the case of a motor vehicle registered in India before the first day of April 1940, it shall be deemed to be a sufficient compliance with this sub-rule if one of the means of operation applies brakes directly and not through the transmission gear to not less than two of the wheels of the vehicle:

Provided further that where a motor vehicle has more than four wheels and the drive is transmitted to all wheels other than the steering wheels without the interposition of a differential driving gear or similar mechanism between the axles carrying the driving wheels, it shall be deemed to be a sufficient compliance with this sub-rule if the brakes applied by one means of operation act directly on two driving wheels on opposite sides of the vehicle add the brakes applied by the other means of operation act directly on all other driving wheels.

(h) For the purposes of this rule—

(i) in the case of a motor vehicle other than an invalid carriage, a road roller or a locomotive,

(a) except in the case of a motor vehicle the unladen weight of which does not exceed 2,240 pounds or which is a passenger vehicle constructed or adapted to carry not more than seven passengers exclusive of the driver, not more than one front wheel shall be included in half the number of wheels of the vehicle, and

(b) every moving shaft to which any part of a braking system or any means of operation thereof is connected or by which it is supported shall be deemed to be part of that system;

(ii) in the case of a motor vehicle propelled by steam and not used as a public service vehicle, the engine shall be deemed to be an efficient braking system with one means of operation if the engine is capable of being reversed and is incapable of being disconnected from any of the driving wheels of the vehicle except by the sustained action of the driver.

(*i*) Every locomotive shall have an efficient braking system, the brakes of which act upon all the wheels of the locomotive other than the steering wheels, provided that this provision shall not apply to a locomotive registered in India before the first day of April 1940, if the locomotive is propelled by steam and the engine thereof is capable of being reversed.

(*j*) The braking system operated by one of the means of operation shall, according to whether the vehicle is laden or unladen, be capable of bringing it to rest when travelling at the speed specified in the table below within the distance therein specified when, at the time of the application of the brakes, the vehicle is travelling over a hard, dry, level road in good condition, with top gear and clutch engaged, or when, in the same conditions, the efficiency of the brakes as determined by a brake-testing meter approved by the Provincial Government is not less than 30 per cent. when the vehicle is laden and not less than 40 per cent. when the vehicle is unladen:—

Provided that the word "laden" here means with not less than 50 per cent. of the legal load, not 50 per cent. of the gross weight.

(*b*) This rule shall not apply to a motor vehicle registered in India before the first day of April 1940.

132. *Tyres.*—(*a*) The pneumatic tyres of every motor vehicle shall be kept properly inflated and in good and sound condition.

(*b*) A tyre shall be deemed to be not in good and sound condition if—

(*i*) any of the fabric of the casing is exposed by wear of the tread or by any unvulcanized cut or abrasion of any part; or

(*ii*) the tyre shows signs of incipient failure by local deformation or swelling; or

(*iii*) it has been patched or repaired by an outside gaiter or patch other than a properly vulcanized repair.

Provided that clause (iii) shall not apply to a temporary repair effected to enable the vehicle to be moved to the nearest reasonable place where the tyre can be repaired or replaced.

(*c*) After the first day of April 1942, no motor vehicle other than a track laying vehicle shall be driven at a speed in excess of six miles per hour unless it is fitted with pneumatic tyres on all wheels.

(*b*) Every motor vehicle using solid fuel shall be fitted with an efficient appliance for the purpose of preventing the emission of sparks or grit and also with a tray or shield to prevent ashes and cinders from falling on to the road.

134. *Speedometer.*—(*a*) Every motor vehicle, other than an invalid carriage or a vehicle which may not, under the provisions of the Eighth Schedule to the Act, at any time be driven at a rate of speed in excess of six miles per hour, shall be fitted with an instrument (herein referred to as a "speedometer") so constructed and in such a position as at all times readily to indicate to the driver of the vehicle the speed at which the vehicle is travelling.

(*b*) A speedometer shall be deemed to satisfy the requirements of this rule if, upon test, it is found to be accurate within ten per cent. above or below the speed specified for the vehicle in the Eighth Schedule to the Act or, if no speed is so specified, then above or below a speed of thirty miles per hour.

135. *Springing.*—Every motor vehicle and every trailer drawn thereby shall be equipped with suitable and sufficient means of springing adequately maintained in good and sound condition between the road wheels and the frame of the vehicle:

Provided that this rule shall not apply to—

(*i*) any motor vehicle registered in India before the first day of April 1940 if any means of springing with which it is fitted are adequately maintained in good and sound condition;

(b) The overhang of a motor vehicle other than a tractor or locomotive shall not exceed forty-five per cent. of the distance between the plane perpendicular to the axis of the motor vehicle which passes through the centre or centres of the front wheel or wheels and the foremost vertical plane from which the overhang is to be measured as defined in sub-rule (c).

Provided that this sub-rule shall not apply to vehicles registered in India before the first day of April 1940 and that the Regional Transport Authority may by general or special order direct that fifty per cent. be substituted for forty-five per cent. in this sub-rule with effect in such areas and in relation to vehicles of such class as the authority may specify.

(c) For the purposes of this rule "overhang" means the distance measured horizontally and parallel to the longitudinal axis of the vehicle between two vertical planes at right angles to such axis passing through the two points specified in paragraphs I and II of this definition respectively—

I—The rearmost point of the vehicle exclusive of—

(iii) in any other case a point situated on the longitudinal axis of the vehicle and such that a line drawn from it at right angles to that axis will pass through the centre of the minimum turning circle of the vehicle.

(d) In the case of any motor vehicle registered in India before the first day of April 1940, it shall suffice if the overhang does not exceed 7/24ths of the overall length of the vehicle.

141. *Turning circle.*—Every motor vehicle shall be so constructed as to be capable of turning in either direction in a circle not exceeding in diameter sixty feet in the case of a vehicle the overall length of which does not exceed twenty-six feet, and sixty-six feet in the case of a vehicle the overall length of which exeeds twenty-six feet. For the purposes of this rule such diameter shall be determined by reference to the extreme outer edge of the wheel track at ground level.

142. *Direction indicators and stop lights.*—(a) For the purposes of the proviso to section 79 of the Act, the signal of an intention to

turn to the right or left may be given by a mechanical or electrical direction indicator and, during the period between half an hour after sunset and half an hour before sunrise, the signal of an intention to stop may be given by an electrical stop light as hereinafter specified.

(*i*) it is not more than four feet behind the base of the wind-screen;

(*ii*) it is not more than six feet and six inches above the level of the ground;

(*iii*) when in operation—

(*1*) it temporarily alters the outline of the vehicle to the extent of at least six inches measured horizontally;

(*2*) its outermost point shall be at least six inches further from the longitudinal axis of the vehicle than is the outermost point of the driver's cab or of the side of the body immediately behind the driver's seat; and

(*3*) it remains steady;

(*iv*) the driver of the vehicle when in his driving seat may be readily aware that it is operating correctly:

Provided that clause (*i*) shall not apply in the case of a pillarless saloon motor car if the direction indicator is not situated behind the widest part of the body.

(*e*) For the purpose of this rule a "pillarless saloon motor car" means a motor vehicle which is constructed solely for the carriage of passengers and their effects and is adapted to carry not more than seven persons exclusive of the driver and which has—

(*i*) an enclosed body with four doors; and

(*ii*) no vertical dividing pillar between the doors on either side of the vehicle.

(*ii*) they are visible at a reasonable distance from any point in the rear of the vehicle.

(*g*) Every direction indicator shall be so fitted that when not in operation it will not be likely to mislead the driver of any other vehicle or any person controlling traffic.

(*h*) Every stop light shall be fitted at the rear of the vehicle and not to the left of the centre thereof and when in operation shall show a red or amber light:

Provided that nothing in this rule shall prevent the fitting of a duplicate stop light on the left side of the vehicle which comes into operation at the same time as the stop light fitted at the centre or on the right side of the vehicle.

(*i*) Every light shown by a direction indicator or a stop light shall be diffused by means of frosted glass or other adequate means and shall be a steady light.

(*j*) Every direction indicator and every stop light shall be such as to be readily operated by the driver of the motor vehicle at all times when sitting in a normal driving position.

(*k*) Nothing in this rule shall be taken to require that a direction indicator or a stop light shall be fitted to any motor vehicle.

143. *Wings.*—(*a*) Every motor vehicle except a locomotive, a tractor or a trailer, shall, unless adequate protection is afforded by the body of the motor vehicle, be provided with wings or other similar fittings to catch, so far as practicable, mud or water thrown up by the rotation of the wheels.

(*b*) The rear wheels of every trailer except a trailer drawn by a locomotive shall be provided with wings as aforesaid.

144. *Side-car wheel.*—Every side-car attached to a motor cycle shall be so attached, at the left hand side of the motor cycle, that the wheel thereof is not wholly outside perpendicular planes at right angles to the longitudinal axis of the motor cycle passing through the extreme projecting points in front and in the rear of the motor cycle.

145. *Communication with driver.*—Every motor vehicle for the use of passengers in which the driver's seat is separated from any passengers' compartment by a fixed partition which is not capable of being readily opened, shall be furnished with efficient means to enable the passengers in such compartment and the conductor, if any, to signal to the driver to stop the vehicle.

(*b*) The stability of a single-decked public service vehicle other than a motor cab shall be such that under any conditions of load, at an allowance of 150 pounds per passenger and his personal luggage for which the vehicle is registered, if the surface on which the vehicle stands were tilted to either side to an angle of 35 degrees from the horizontal the point at which overturning occurs would not be reached.

(*c*) For the purpose of conducting tests of stability the height of any stop used to prevent a wheel of the vehicle from slipping sideways shall not be greater than two-thirds of the distance between the surface upon which the vehicle stands before it is tilted, and that part of the rim of that wheel which is then nearest to such surface when the vehicle is loaded in accordance with the requirements of this rule.

148. *Side overhang.*—In the case of a vehicle used as a stage carriage, no part of the vehicle other than a direction indicator, when in operation, or a driving mirror shall project laterally more than fourteen inches beyond the centre line of the rear wheels in the case of single rear wheels or more than six inches beyond the extreme outer edge of the outer tyre in the case of dual rear wheels.

(*b*) The backs of all seats shall be closed to a height of sixteen inches above seat level.

(*c*) This rule shall not apply to any vehicle registered in India before the first day of April 1940.

150. *Gangways.*—(*a*) In every compartment of every public service vehicle the entrance to which compartment is from the front or rear there shall be a gangway along the vehicle, and

(*i*) where seats are placed along the sides of the vehicle there shall be as gangway a clear space of not less than twenty-four inches measured between the fronts of the seats; and

(*ii*) where seats are placed across the vehicle there shall be as gangway a clear space of not less than twelve inches between any part of adjoining seats or their supports.

GOVERNMENT OF BENGAL.

Office of the Chief Controller of Prices, Bengal.

8, Clive Street (top floor), Calcutta, the 11th March 1940.

COMMUNIQUE.

There is considerable uncertainty in the minds of the public how actually the cost of living has been affected by the increase in the price of food-stuffs and other commodities ordinarily purchased by the working classes. Figures ranging from 10 to 25 per cent. or even more are widely circulated. In order to remove this uncertainty Government think it proper to place before the public what is the actual increase in the cost of living as compared with pre-war conditions. It is generally supposed that an increase in the cost of living can be ascertained by finding out the average of the increase in staple commodities. This is erroneous. To ascertain the cost of living or to arrive at a correct appreciation of the cost of living we have to take into consideration not only the expenses incurred on food but also on fuel, rent and miscellaneous matters. It will be remembered that immediately after the declaration of war the price of food-stuffs and various other articles normally used by the industrial workers rose rapidly. Immediate action was taken by Government with the result that there was a check in prices which allayed the unrest that was bound to develop if the prices had not been brought under control. It was not only difficult, but Government considered it against the public interest, to control the price of agricultural commodities. The price of some of these commodities rose rapidly and steeply from about the beginning of December. Since the end of January, however, there has been a decline in prices and the decline has been much more rapid than the increase. These reduced prices are still prevailing. After considering various factors such as the cost of living in the various provinces, the industrial progress of the various cities, the commodities commonly used by industrial workers in Bengal, the varying proportions of these articles used by them and their price now and immediately before the war, Government have come to the conclusion that at present the cost of living is between 7 to 8 per cent. higher than what it was immediately before the declaration of war. This figure will obviously vary as the price of the commodities on which they are based either increases or declines. It may be of

interest to give prices of some commodities as they were before the war and as they are to-day with the maxima that have been fixed by the Chief Controller of Prices. It will be found that in some cases prices ruled higher in February than in the month of August, but no particular conclusion can be drawn from this as those prices generally depend upon the preceding crop and the prospects of the future crop.

It will be noticed that the existing prices are much below the maxima that have been fixed by the Chief Controller of Prices. Owing to the measures which Government took to control prices from the very beginning, the price of food-stuffs in December and January was not allowed to rise beyond what was strictly justifiable on economic grounds. Even when the price of wheat was rather high the Chief Controller of Prices arranged with the flour mills for sale of the varieties of *atta* and flour commonly used by the industrial workers at prices which left no profit to the flour mills. As prices have fallen considerably it has not been found necessary to revise the maxima.

The prices of commodities continue to show a downward tendency but as conditions are uncertain Government propose keeping a strict watch on the situation and if circumstances demand will advise the members of public regarding the change in the cost of living. Government deplore agitation based on false reports regarding increase in prices which serves only as a direct incitement to social discontent and unrest.

K. G. MORSHED,

Joint Secy. to the Govt. of Bengal, Department of Commerce and Labour and Chief Controller of Prices, Bengal.

Replies of t

Auditors' Report.

Departmental replies and Chief Accountant's remarks.

The accounts of the Calcutta Corporation for the year 1933-34 have been xamined and test-audited. This is the first audit after the Calcutta Municipal (Amendment) Act, 1933.

PARA 1.—No remarks.

2. The results of the examination are being shown in two parts, *viz.*,—

I. This Audit Report which is to be published under Section 123-A of the Calcutta Municipal Act, and

II. A Test Audit Note, embodying the less important irregularities which could not be settled in the course of audit and which has been separately forwarded to the Chief Executive Officer for disposal.

PARA 2.—No remarks.

DELAY IN THE SUBMISSION OF THE ANNUAL ACCOUNTS.

3. The delay in the submission of the annual accounts on the part of the Corporation noticed in the previous year continued this year also. At a conference held on the 10th February, 1934 in which the Mayor and the Accountant-General, Bengal, were present, it was settled that the annual accounts of every year would be submitted for audit by the 1st of October of the next year, but the programme was not given effect to.

PARA 3.—The Chief Accountant reports :—

Every attempt is always made to close the annual accou as early as possible and as a matter of fact, the porti of the work so far as it can be done by the Accounts partment independently *i.e.*, without waiting for the figu from other departments are always finished before the of October of the next official year. It was however possible to close the accounts finally within the prescri time during the year in question inasmuch as the rele figures were not available from the Assessment, the Col tion and the Law Departments owing to inordinately l numbers of bills outstanding with them. As a result vigorous steps taken for the purpose the accounts 1934-35 were finally closed on the 30th November, 1! This was an improvement seeing that the accounts 1933-34 was closed on the 24th April, 1935. The questio submission of the Annual Accounts of future years in t is now engaging the attention of the Finance Commit

4. The accounts of the Collection Department for the 4th quarter of 1933-34 and some of the Divisional Ledgers and the Central Ledgers were not finally closed till the end of February 1935, *i.e.*, 11 months after the close of the quarter instead of by a week as required under Rule 429 of the Assessment and Collection Manual. This delay on the part of the Collection Department in closing their books was stated to be responsible for the delay in the closing of the books of the Accounts Department and the publication of the Annual Accounts. The abnormal delay in the submission of the annual accounts was reported to Government *vide* Accountant-General's letter No. LA/1987 dated the 4th January 1935, but the Government having expressed their inability to take any action in the absence of the rules under Section 123-G of the Act, no action could be taken by Audit excepting the issue of reminders. The annual account became available for audit on the 30th May, 1935.

PARA 4.—No remarks.

Delay in disposal of Audit Reports.

5. The delay in the disposal of the audit reports also continues. The following audit reports remain yet to be considered :—

Report for the year.	Date of issue.
1930-31	... ... 4th July, 1932.
1931-32	... ... 12th July, 1933.
1932-33	... ... 17th December, 1934.

PARA 5.—The Chief Accountant reports :—

The Finance Committee have already finished their co deration of the Audit Report for the year 1930-31 a this will soon be placed before the Corporation. T reports for the years 1931-32 and 1932-33 (Part I) are n engaging the attention of the Finance Committee.

	The Finance Committee at their meeting held on the 18th September, 1936, considered the Audit Report for the year 1933-34, and passed the following resolution which was confirmed by the Corporation on 15th October, 1936. That it be recommended that the explanations furnished in connection with the points raised in the Audit Report for the year 1933-34, be accepted with the following directions and remarks:— (*These directions and remarks have been shown against the paragraphs concerned.*)	The further comments of the Auditors as per Accountant-General Bengal's Letter No. L. A. 2617, dated 17th December, 1936, to the Secretary, Local Self-Government Department forming the first batch of audit rejoinder were considered by the Finance Standing Committee on 15th March, 1937, and 23rd March, 1937, and by the Corporation on 27th August, 1937, when the Corporation gave certain directions and made certain remarks regarding paragraphs 21 and 32 as shown against these paragraphs and further resolved as follows:— That a suitable reply be sent to Government on the lines indicated in the Chief Accountant's note. (*The remarks of the Chief Accountant have been shown against the paragraphs concerned.*)

As is well-known there ...een a heavy congestion in ... in these departments and ...al efforts are being made ... additional staff to bring ...accounts up-to-date.			(1) *Paragraph 3.—Delay in the submission of the Annual Accounts.* The time for submission of the Annual Accounts has been prescribed by statutory rules issued under notification No. 2985-M, dated the 10th May, 1935, but as these rules were not published in the *Calcutta Gazette* till the 12th September, 1935, it was not possible either for the Corporation or for the auditors to conform to them during the year 1934-35, when the accounts for the year 1933-34 were audited. It is requested that the time programme prescribed in the rules may be scrupulously complied with in future.

Replies of the

Auditors' Report.	Departmental replies and Chief Accountant's remarks.
6. Replies were received on the audit report for the year 1929-30, but the planations having been found to be unsatisfactory or incomplete, further narks were forwarded to the Chief Executive Officer in letter No. LA/1418 ted the 24th October, 1934. Out of 83 items exclusive of 14 in the Appendix is remaining to be disposed of, the Chief Executive Officer in his letter). S/5281, dated the 21st December 1934, dealt with 6 items only. In the ne letter he proposed to deal with the other points in instalments, but no ther replies being forthcoming, a reminder was sent in letter No. LA/2355 ted the 25th February, 1935, but beyond a reply (A/C 2834 dated the 5th arch, 1935) to a previous letter (No. LA/2332 dated the 18th February 1935) connection with the unsatisfactory nature of accounts relating to patch repairs hich the Chief Executive Officer was not inclined to reconsider though so lered by the Corporation, no further communication was received.	PARA 6.— The Chief Accountant reports :— The Accountant-General, Bengal's further remarks have ferences to 95 Paragraphs of the original report, out which replies to 45 Paragraphs have already been s to the Accountant-General, as per Chief Executive Offic letters Nos. S/5281 and S/4545 dated 21st December, 1 and 18th November, 1935 respectively. We were about despatch another batch of replies when the Examiner Local Accounts, Bengal, enquired in his le No. LA/2217 dated 4th March, 1936, if the replies the further remarks i.e., to the 45 paragraphs previou sent had been approved by the Corporation. This quiry creates an awkward position. The replies to original reports are placed before the Corporation thro the Finance Committee. The Corporation accepts the plies in some cases or gives directions or makes reser tions in the form of resolutions in others. These res tions are duly communicated to the Accountant-Gene Bengal. Replies to the further remarks and subsequent marks of the Accountant-General are furnished by Chief Executive Officer. The implication in the enquiry the Examiner, Local Accounts would involve an interm able increase of work and would create a deadlock. T Examiner was written to on this point as per Chief E cutive Officer's letter No. S/353, dated the 21st April, 19 Pending settlement of this question it is not possible send replies to the remaining paragraphs.

A set of such rules was issued by the Government in eir No. 2986-M dated the 10th May, 1935 and published in the Calcutta zette dated the 12th September, 1935. It was consequently not possible for e Auditors to conform to these rules during the year 1934-35 when the counts for 1933-34 were audited.	PARA 7.—No remarks.

A notice under Section 123-B (1) the Amendment Act was also served on the official concerned for an explana- on as to why the amount of loss mentioned in para 21 falling within the rview of the Amendment Act should not be recovered from him.	PARA 8.—No remarks.

PARA 10 (a) & (b).—The Chief Accountant reports :—The advance shown under Col. 8 has come down to a [illegible]cally irreducible minimum. This should accordingl[illegible] left out of consideration. Such is also the case wi[illegible] advance shown under Col. 2 which, being imprest ad[illegible] cannot be reduced. As regards the advance of [illegible] Rs. 25½ lakhs from the Revenue Fund to loanable [illegible] shown under Cols. 4—6, these are purely adjustable [illegible]vances, adjustment being made from time to time o[illegible] raising of loans. In fact, the advances shown under [illegible] 5 and 6 have since been entirely wiped off whereas a [illegible] balance of Rs. 5,377 only is outstanding against the ad[illegible] appearing in Col. 6. The advances under Columns [illegible] 7 also have since been reduced considerably, the out[illegible]ings being now (May 1936) Rs. 90,599 and Rs. 81,21[illegible] pectively.

(b) The amount shown in column 7 includes balances of advances granted ong ago as will be evident from the following details :—

	Amount of outstanding advance. Rs. A. P.

During 1933-34	2,11,222 0 11
Total ...	5,35,536 15 5

Of this total amount, Rs. 1,85,317-2-9 was adjusted during 1934-35.

(c) Amounts advanced to the Chief Executive Officer, the District Engineers etc. long ago in cases of emergency, *e.g.*, lunar eclipse, cooly strike etc. were in some cases left outstanding for years. Some instances are mentioned below :—

(6) Health Officer, District II	Lunar eclipse	13-1-26	10 0 0
(7) Law Officer	Cost of witness in Suit against Mirza Ahmed.	22-1-30	20 0 0

PARA 10 (c) & (d).—The Chief Accountant reports :—The outstandings as per serial Nos. 1, 2, 3, 4, 5 and 6 [illegible] since been adjusted.

(d) An enquiry was made whether the officers concerned had submitted accounts and vouchers for adjustment but no definite reply was furnished on that point. It was however stated that the matter was being dealt with and that adjustment would be made when provision is made in the budget under the Budget head debitable.

of Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
	PARA 10 (a). That the departments concerned be directed to take necessary action for adjustment of the advances within 5 years from the date of the advances.		(2) (i) *Paragraph 10 (a)—Outstanding Advances.* In view of the fact that advances are granted on various accounts, the reasonable period required for the adjustment of cases may vary widely. It is not, therefore, practicable to fix one time limit for adjustment to suit all cases. The proper procedure would be for the Corporation to formulate the terms of adjustment including the period in respect of each advance or of each class of advances and to insist upon adherence to these terms. This procedure may be adopted and the auditors informed of the action taken by the Corporation so that it may be possible for them to examine whether the terms, including the period of adjustment, are observed and to record any deviation from or violation thereof when detected.

(e) The following old items of advances were outstanding against the Executive Engineer, Water Works:—

		Rs. A. P.
Out of advances granted in	1918-19	... 17 11 1
Do.	1920-21	... 71 14 2
Do.	1921-22	... 208 15 0
Do.	1922-23	... 1,296 4 7
Do.	1923-24	... 1,436 15 10
Do.	1924-25	... 2,244 8 7
Do.	1925-26	... 86 8 4
Do.	1926-27	... 839 8 11
Do.	1927-28	... 1,160 11 9
Do.	1928-29	... 1,800 10 5
Do.	1929-30	... 1,700 7 0
Do.	1930-31	... 1,352 4 1
Do.	1931-32	... 970 9 7
Do.	1932-33	... 3,156 7 10

Out of these amounts, a sum of Rs. 1,870-5-10 (out of the advances granted during the last 5 years) was adjusted in 1934-35. As regards the balance belonging to the previous years, it was stated that "departmental reports" had not yet been received.

(f) Advances should not be granted unless they are required for immediate disbursement, and should ordinarily be adjusted in the accounts of the year in which they are granted.

(g) The cost of work done in default of others is charged to Advance pending recovery of the cost. Some items outstanding for a very long time are mentioned in Statement A annexed.

PARA 10 (e).—The Chief Accountant reports:—
The outstandings against the Executive Engineer, W Works, are all adjustable advances. No part of t represents a cash advance. They are all cost of mate issued for temporary Filtered Water connections, e.g., Bustees for prevention of epidemic. There is a proposa a large number of cases to retain these temporary con tions permanently and the advance will be adjusted as as the question is finally decided.

PARA 10 (f).—It is only a very small fraction of the am shown under column 7, viz., the cash advance for d certain works to which this remark of the Auditor apply. Sufficient steps are always taken to reduce outstandings of such advances.

PARA 10 (g).—The Chief Accountant reports:—
Out of the 19 cases, four have been settled, one relate the cost of filling up tank and the land is in posses of the Corporation. The others are still pending.

Value of stock in the Workshop.

11. The value of unfinished works at the Corporation workshop at Entally and of outstanding transfer statements for work done but not adjusted has been increasing year by year as will be seen from the following table:—

	Unfinished work.	Outstanding Transfer Statement.
	Rs.	Rs.
31st March, 1932 ...	1,00,029	64,994
31st March, 1933 .	1,46,481	1,08,985
31st March, 1934 ...	1,51,412	1,49,892

11 transfer statements of 1931-32 amounting to Rs. 4,770-11-4 and 33 of 1932-33 amounting to Rs. 5,144-0-8 were among the transfer statements outstanding on the 31st March, 1934.

On enquiry it was found that no attempt was made to determine the approximate value of the articles in process of manufacture. In valuing assets it is obviously not safe to rely on the book-value alone.

The Chief Accountant reports:—
PARA 11.—The balance of unfinished works up to the 1933-34 has since been reduced to about Rs. 4,000-0-0 the balance of Rs. 1,49,892 for outstanding transfer st ments has been reduced to Rs. 4,216-4-8 at the end May, 1936.
All the transfer statements of 1931-32 and 1932-33 h been passed for adjustment with the exception of one 1931-32 amounting to Rs. 656-4-2 and four of 193 amounting to Rs. 1,062-14-7.
The Manager, Workshops, reports:—
It is not practicable to value the unfinished articles on 3 March. To do this the workshops will have to be clo for several days.

Closing Balance—Loan Account.

12. The Loan Account closed on the 31st March, 1934 with a balance of Rs. 30,97,828-14-7 consisting of Rs. 22,79,548-12-6 in cash and investments, Rs. 7,12,133-0-6 in advances and Rs. 1,06,147-1-7 in the shape of stores.

(3) *Paragraph* 11.—*Value of stock in the Workshop.* It is reported that one transfer statement relating to the year 1932-33 is still outstanding. GENERAL ASSETS. BALANCE SHEET. 13. A copy of the Balance Sheet as compiled by the Corporation is shown in Statement B. The main item under Assets consisted of the outstanding balances of the consolidated rate and other revenue amounting to Rs. 54,37,692. This amount represented the entire balance of unrealised income instead of that portion of the balance which could be regarded as good and recoverable. It will appear from the remarks given against respective items in Statement C appended to the report that some of the assets shown in the balance sheet have been overstated. As the balances in several cases included items of long outstanding arrears and as substantial remissions were in fact granted during the next year out of the demands that were outstanding on the 31st March, 1934, it was hardly correct to exhibit the assets at their face value in the balance sheet. The Balance Sheet is to this extent defective.	PARA 13.—The Chief Accountant reports :— There is no means to avoid this.

...f Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
		Accountant-General, Bengal's Letter No. L.A./2617, dated 17th December, 1936 to Government. *Paragraph* 13.—In order to ensure the preparation of a fairly correct balance sheet, each department responsible for collection of demands should review the outstandings at the end of the year and certify to what extent they are good and recoverable. (*Extract from the Proceedings of the Finance Standing Committee dated 23rd March,* 1937.) The Chief Accountant reports:— Paragraph 13.—This refers to the question of including in the Balance Sheet as assets all outstanding demands. The suggestion is impracticable. Besides departmental reports, if any, on the subject cannot be accepted in audit unless such reports are finally approved by the Corporation. The main portion, *viz.*, rates, must remain as it is till remissions, if any, have been granted and cancellation, if any duly sanctioned by the Corporation. *Accountant-General, Bengal's Letter No. L. A. 1163, dated 28th July,* 1937. Paragraph 13—It is not denied that the Balance Sheet as now prepared is defective. It would certainly make for a more correct statement of assets in the balance sheet if the Corporation make their review of the assets before the balance sheet is prepared. And as the latter is submitted for audit six months after the closing month of the financial year, it should ordinarily be possible to arrange for this review. *Chief Executive Officer's Letter No. S/4826, dated 8th November 1937 to Government.* Paragraph 13 -It would be quite clear from these remarks that the auditors are sufficiently convinced now that it is impracticable to make an accurate estimation as to how much of the outstanding balances will happen to be actually irrecoverable. What they want is a more correct statement of the recoverable assets. As a matter of fact, every endeavour is always made for getting the irrecoverable amounts eliminated from the accounts as far as practicable. Instances are however not wanting in which balances at first appearing to be bad or doubtful were subsequently realised in full or in part owing to change of circumstances. As the Corporation has to carry out its collecting work through various agencies and the balances extend to a very large number of cases, it cannot be a sound financial policy to pass remission, cancellation or write-off orders in haste, simply to make the Balance Sheet appear more correct although it would still be not accurate. We cannot sacrifice revenue for the sake of an appearance of correctness. Generally demands which are considered irrecoverable by the executive are placed before the Corporation for cancellation from time to time and these are adjusted as soon as the cancellation is sanctioned by the Corporation. Certain comparatively small items are cancelled by the Chief Executive Officer under a delegation. All cancellations sanctioned in time are included in the Annual Accounts.	(4) *Paragraph* 13.—*Balance Sheet.* In the opinion of Government, it would make for a more correct statement of assets in the balance sheet if the Corporation makes a review of the assets before the balance sheet is prepared. As the balance sheet is submitted for audit six months after the close of the financial year, it should not ordinarily be difficult to arrange for such review.

PARA 19.—The Treasurer reports :—

This office list of dishonoured cheques outstan up to 31st March, 1934, and shown as outstanding, since been reconciled with that of the Accounts De ment. The discrepancy was due to some of the clearing or discount cheques not being taken into acc by my Department during March, 1934, and some being taken into account in my book as they were viously transferred to the Law Department by the de ments concerned. Some of the adjustments also were noted in my book due to non-receipt of papers regar the same within the year.

These lists are reconciled once at the end of each year we have neither experienced any difficulty nor has t been any confusion in the accounts of either departm on account of this annual reconciliation. Therefore in opinion, it is neither necessary nor practicable (with existing staff so far as my department is concerned) have the lists agreed or in case of discrepancy to h them reconciled in a memo every month.

ASSESSMENT DEPARTMENT.

Disposal of objections.

20. The number of objections filed against assessment and the number disposed of during 1933-34 are given below:—

Outstanding objections of the previous year	8,681
Objections filed during the year	12,393
Total number of objections to be disposed of	21,074
Number of objections disposed of during the year ...	11,594
Balance of undisposed of objections	9,480

A comparative statement of the undisposed of objections for the last 4 years as given in the margin, will show how the outstanding objections against assessment have increased from 2,435 in 1930-31 to 9,480 in 1933-34.

Outstanding objections at the close of the year.

It will be seen from the above statement that ol received and disposed of during 1933-34 were mucl than during 1932-33.

It may be pointed out also that the number of ol received has been increasing steadily, the figures last four years being:—

Loss of the consolidated rate through error in calculation and for the lump sum reduction of the annual value under Section 146 of the Act.

21. The annual value of the premises No. 67, Sukeas Street, in Ward No. 4 was revised from Rs. 2,624 to Rs. 3,216* during the general revision of assessment with effect from the 2nd quarter of 1927-28 on the ground of increase in the value of land. During the hearing of the objection on the 13th January, 1928 under Section 140 of the Act, the First Deputy Executive Officer reduced the value of the land from Rs. 3,200 to Rs. 2,600 per cotta. The value of land was, however, wrongly calculated on 15 chattaks instead of on 15 cottas of land and accordingly the annual valuation of the said premises was erroneously fixed at Rs. 938 instead of at Rs. 2,766, the correct annual value. Neither the revising surveyor nor the Deputy Executive Officer appear to have considered why the annual value proposed was so abnormally lower than the value already fixed. The Corporation had to suffer a loss of Rs. 2,139 in the 6 years from the 2nd quarter of 1927-28 to the 1st quarter of 1933-34 on account of the consolidated rate of this holding.

		Accountant-General, Bengal's letter No. L. A. 2617 dated 17th December, 1936 to Government. *Paragraph* 21.—The Corporation found from a general enquiry that the 1st Deputy Executive Officer was, throughout the whole transaction, technically responsible and so also in a lesser degree was the Assessor and that the Assessing Inspector, Babu Dhirendra Nath Banerjee, and the Assistant Assessor, Mr. M. L. Saha had each contributed to the making of this serious under-assessment. The Corporation also directed a Police enquiry in the matter. The result of the Police enquiry and the action taken thereon are awaited. (*Extract from the Proceedings of the Finance Standing Committee dated 15th March, 1937.*) The Chief Accountant reports :— *Paragraph* 21.—This relates to a case of wrong calculation of the valuation of a premises. The 1st Deputy Executive Officer states that "the police enquiry has failed to throw any new light on the matter. The investigating officer's report contains some inaccuracies The question of a further enquiry is under consideration." As regards the case itself, the Assessor reports as follows :— The premises No. 41, Kailash Bose Street was revalued under Section 146 of the Act on the strength of an opinion of the Law Officer dated the 28th November, 1935, which is quoted below, increasing the valuation from Rs. 938 to Rs. 3,171, with effect from the last general revaluation of the Ward, *i.e.*, from the 2nd quarter of 1933-34. The party having filed an objection against the revised valuation, the 1st Deputy Executive Officer was pleased to reduce the same to Rs. 2,646 at a hearing on the 22nd June,	(7) *Paragraph* 21.—*Loss of the consolidated rate through error in calculation and for the lump sum reduction of the annual value under section 146 of the Calcutta Municipal Act.* Government may be informed in due course of the result of the Police enquiry instituted in this case and of the action taken by the Corporation in the matter.

Total loss for 24 quarters from the 2nd quarter of 1927-28 to the 1st quarter of 1933-34 was Rs. 89·2 x 24 = Rs. 2,139.

Again during the next general revision of assessment with effect from the 2nd quarter of 1933-34, the annual value of the said premises (then numbered 41, Kailas Bose Street) was again revised to Rs. 3,171 by taking the value of land at Rs. 3,200 per cotta. The first Deputy Executive Officer in disposing of the objection of the party on the 3rd November, 1933 reduced the annual value from Rs. 3,171 to Rs. 2,721 by taking the value of land at Rs. 2,600 per cotta and further ordered on the same date "original valuation restored under Section 146 from G. R." (general revision) without assigning any reason. Thus the annual value of Rs. 938 wrongly calculated on the 13th January, 1928, as stated above, was again restored instead of the correct annual valuation of Rs. 2,721 with effect from the 2nd quarter of 1933-34. So the Corporation continued to lose on account of the consolidated rate of this holding at Rs. 86-15 per quarter from the 2nd quarter of 1933-34 to the 2nd quarter of 1935-36, the total loss amounting to Rs. 782-7-0. The loss at Rs. 86-15-0 per quarter will continue till the annual value of Rs. 938 be revised to Rs. 2,721. The facts are brought to the notice of the Corporation for consideration and necessary action. In this connection it may be pointed out that the reduction of the annual value without any data or reason is presumably not contemplated in Section 146 of the Act.

		1936, with effect from the aforesaid quarter. Accordingly, supplementary bills on the difference between the valuations of Rs. 2,646 and Rs. 938 (quarterly rate Rs. 41-10-3, in each share) were issued from the 2nd quarter of 1933-34 to the 2nd quarter of 1935-36 and fresh bills from 3rd quarter of 1935-36 to the 2nd quarter of 1936-37 were issued on the annual valuation of Rs. 2,646 by cancelling the original bills issued on the annual valuation of Rs. 938, which were outstanding. As under the opinion of the Law Officer, the premises were revalued from the 2nd quarter of 1933-34, no supplementary bills prior to that quarter were issued. The opinion of the Law Officer runs as follows :— "I have seen the objection sheet for 1927-28 as also that for 1933-34, and also the letter dated 13th June, 1933, of the party objecting to the revised valuation. Considering all the circumstances of the case, I think you should revalue the premises under Section 146 (c) of the Act. Such revaluation may be given effect to from the date of the last general revaluation. In this case as the major portion of the land liable to be valued has not been valued, I am inclined to think that Section 146 (a) (last clause) also applies and the revaluation may be made under that provision." The Collector reported on 12th January, 1937, that the fresh bills for 2nd quarter of 1936-37 and original bills at the enhanced rate for 3rd quarter of 1935-37, were paid by the parties. He allowed instalments for payment of supplementary and fresh bills from 3rd quarter of 1935-36 to 1st quarter of 1936-37. One of the parties paid Rs. 50 and other party promised to pay a considerable sum in February next. The Finance Committee on 20th December, 1935, resolved as follows :— (i) That the Committee are of opinion that a case of loss has been made out in the Auditors' report and that they are taking steps to realise the amount of loss from the party concerned, failing which the Corporation will have this loss made good by the officer or officers concerned. (ii) That for the purpose of fixing or apportioning the responsibility as between the different officers concerned, a Sub-Committee consisting of the three members of the Finance Committee, viz., Mr. Madan Mohon Burman, the Hon'ble Mr. B. K. Basu and Mr. W. A. Burns, be appointed to go into the question in details in consultation with the Chief Executive Officer and the 1st Deputy Executive Officer and to favour the Committee with their report as early as possible. 23. It was suggested in paragraph 8 (b) of the audit report for the year 32-33 that it would be well for the Corporation to compile a list of outnding rates, taxes and other dues from the Corporation Councillors and ployees and to note in this statement the reasons for the non-realisations d the steps taken to deal with them, but no such list could be produced

(iii) That the report to be submitted to the Local Government be drafted on the above lines by the Law Officer in consultation with the Chief Accountant. The above resolutions were not placed before the Corporation. The Finance Committee, however, further considered the matter at their meeting dated 17th March, 1936, and as recommended by them, the following resolution was passed by the Corporation on 8th July, 1936 :— That in regard to letter No. L. A. 1138, dated the 23rd and 25th September, 1935, from the Joint Auditors regarding loss of the consolidated rate in respect of No 67, Sukeas Street (now 41, Kailash Bose Street) the Corporation do not find it possible at this late date to obtain all the evidence that they would like to obtain. But they find from a general enquiry that the 1st Deputy Executive Officer is, throughout the whole transaction, technically responsible and so also in a lesser degree, is the Assessor. The Assessing Inspector, Babu Dhirendra Nath Banerjee, who negligently made the misleading and incorrect reference to Sec. 146 and the Asst. Assessor, Mr. M. L. Saha who negligently failed to check the accuracy of this misleading and incorrect reference to Section 146 have each contributed to the making of this serious under-assessment. Further evidence may transpire as the result of a police enquiry; and accordingly the Corporation direct the Chief Executive Officer to have, if possible, a police enquiry made in this matter. The Corporation further find that in this case the provisions of the Assessment Manual have not been strictly observed. *Corporation dated 27th August, 1937.* That the Corporation are of opinion that the technical responsibility in the case of the 1st Deputy Executive Officer does not involve any monetary responsibility and that the Provident Fund money due to him be refunded.	
		Accountant General, Bengal's lett., No. L. A. 2617 dated 17th December, 1936, to Government. *Paragraph* 23.—The Corporation doubt the utility, for the purpose of audit, of a list as pointed out in the report and it has been urged that such a list was not necessary even for administrative purposes. It has, however, been stated that a list of the comparatively large items (Rs. 500 or more) was generally prepared and greater attention paid to it. On enquiry it has been found that no such list was prepared.	(8) *Paragraph* 23.—*Delay on the part of the Corporation Councillors in paying taxes.* A separate list should be maintained of all persons, including Councillors, Aldermen and municipal employees, who are in arrears of comparatively large amounts, (*i.e.*, Rs. 500 or more) and showing the details of all outstanding dues, the reasons for non-realisation and the steps taken to deal with them.

Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M, dated 19th January, 1938.
		(*Extract from the Proceedings of the Finance Standing Committee dated 23rd March*, 1937.) The Chief Accountant reports:— *Paragraph* 23.—The original suggestion of the Auditors was that a list of Councillors and employees who default in paying rates, taxes, etc., should be prepared. The Collector reports on 12th January, 1937, that there is no provision in the Manual to prepare a list of the comparatively large items say Rs. 500 or more but owing to heavy accumulation of outstanding bills the Divisional Inspectors are generally directed to prepare such lists for facility of work and that such lists for 1935-36 have already been inspected by the Government Auditors. *Accountant-General, Bengal's letter No. L. A. 1163 dated 27th July, 1937 to Government.* *Paragraph* 23.—The statement made in the Chief Accountant's report is not accurate inasmuch as no separate outstanding lists for items of Rs 500 or more were prepared for 1935-36, but an annual list of all outstandings (whether large or small) to end of 1935-36, arranged according to holdings, was prepared and the latter was seen by the auditors. It may be stated that separate lists for items of Rs. 500 or more outstanding on 31st March, 1937, have recently been received in the Government Audit Department. *Chief Executive Officer's Letter No. S4826, dated 4th November, 1937, to Government.* The Government Auditors have apparently misunderstood Collector's report in reply to query 23. He reported "There is no provision in the Manual to prepare a list of the comparatively large items, *say* Rs 500 *or more*, but owing to heavy accumulation of outstanding bills, the Divisional Inspectors are generally directed to prepare such lists for facility of work and such lists for 1935-36 have already been inspected by the Government Auditors." The exhaustive list up to 1935-36 was considered necessary at the time and I do not see how it can give rise to a complaint.

VERIFICATION OF RATE BILLS.

Receipts produced in lieu of Rate Bills

25. In the course of verification of the Rate Bill receipts from parties in of the original outstanding bills were produced in several cases. The in lieu of which such receipts were produced related to holdings belong-to Government and other public bodies as well as to private persons with m the bailiffs had left the bills for inspection. Inspite of the remarks e in paragraph 27 of the Audit Report for 1929-30 and paragraph 22(a) of report for 1931-32 (copies enclosed in Annexure I) no action appeared to been taken to obtain the original rate bills for verification. In reply paragraph 27 of the Audit Report for 1929-30 it was stated that arrange-ts had been made to verify the party's receipts by the Audit Inspectors he Accounts Department. The receipts produced, however, did not seem ear any mark of such verification. Sanction of the competent authority, equired under Rule 439 of the Assessment and Collection Manual for leav-bills with the parties, was also not forthcoming in audit in any case.

PARA 24 (a) and (b).—The Collector reports:—

So far as this Department is concerned the outstan rose on account of general trade depression, lim capacity of the rate-payers, appointment of many recei etc. At the end of 1932-33 Corporation appointed Special Committee to look into the state of affairs. T scrutinized the outstanding and directed some steps result of which the balance fell next year to 15 lacs f 21 lacs.

The Assessor reports:—

The increase in the outstanding amount during the under report is Rs. 3,77,958. More than half of thi covered by the few premises noted below for which bills for several quarters had to be recalled for reduc of assessment or on other grounds, under the orders of Deputy Executive Officers:—

All these have since been disposed of excepting the relating to Bengal Council Chamber.

As regards the balance, the same is largely due to nu of vacancy cases as well as reduction cases having creased considerably.

The Chief Law Officer reports:—

It appears from my records that outstanding balance in hands rose to Rs. 1,19,174 in the year 1933-34 du heavy transfer of demand beyond all proportions from Collector year after year.

PARA 25.—The Collector reports:—

Attempts are always made to produce the bills in orig instead of receipts but in most cases the bills cannot be back from the parties even after repeated requests.

So far as the question of sanction referred to in las lines is concerned, it may be stated that the existing p tice of leaving bills with parties in lieu of receipt continuing under orders of the sanctioning authority, Deputy Executive Officer.

The Chief Accountant reports:—

The Audit Inspectors of the Accounts Department ve the receipts at random. It is not possible for them check all the cases. The Audit Inspectors have been structed to put their initials with designation on e receipt at the time of verification.

Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186-M., dated 19th January, 1938.
		This point has been dealt with in our replies to Paragraphs 27, 23 and 22 of the Audit Reports for 1929-30, 1930-31 and 1931-32 respectively explaining that the system of producing the receipt of the parties in lieu of the actual rate bills at the time of verification cannot be done away with altogether. It was accordingly arranged that the Audit Inspectors of the Accounts Department should make a test verification of the party's receipts on local inspection. This arrangement was indirectly approved by the Accountant-General, Bengal, in his further remarks to Paragraph 27 of the Audit Report for 1929-30 wherein he pointed out the absence of certificates of verification by the Audit Inspectors on the party's receipt (*vide*—Accountant-General of Bengal's letter No. LA/1418, dated 24th October 1934, to the Chief Executive Officer). The Audit Inspectors were accordingly instructed to put in their signatures on the receipts verified by them. I do not understand why the old question which has already been settled has been raised again by the Auditors. The Collector reports as follows in this connection: "Our past experience shows that the suggestion cannot be enforced without risking collection itself. Regarding submission of receipts in lieu of bills in audit, it was a general sanction of the Deputy Executive Officer, dated 26th February, 1936. A copy of such sanction may be furnished if required." *Accountant-General Bengal's Letter No. L.A.-1163, dated 28th July, 1937 to Government.* *Paragraph* 25.—The objection was based on paragraph 439 of the Assessment and Collection Manual which laid down that outstanding rate bills should not be parted with in cases other than those of Government officers except under the special orders of the Deputy Executive Officer. If the provisions contained in this paragraph cannot be observed in practice, the paragraph should be amended. *Chief Executive Officer's Letter No. S-4826, dated 4th November* 1937.— The question will be taken up at the time of revision of the Assessment and Collection Manual.	
	PARA 26.—That the License Officer be requested to take steps to reduce the amount of outstanding demands in his department as far as practicable.		

Auditors' Report.	Departmental replies and Chief Accountant's rema[rks]

27. The outstanding balances of the various license fees on the 31st March of the three previous years are given below:—

	Trade and profession license.	Carriage and animals license.	Scavenging license.
	Rs. A. P.	Rs.	Rs. A. P.
On 31-3-33	4,60,006 8 0	2,54,645	28,642 12 0
On 31-3-32	3,27,855 12 0	2,62,922	23,254 0 0
On 31-3-31	2,28,565 12 0	2,02,978	19,380 4 0

It would appear from the above that the outstanding license fees are increasing year after year which seems to point to the necessity for greater activity on the part of the Collecting staff. The outstanding balance in respect of carriage and animals license fees on the 31st March, 1934, was Rs. 2,66,618 while the demand for the year was only Rs. 80,990, or, in other words, more than 3 years' demand was lying unrealised. The reasons for these unusually heavy arrears may be stated.

Remission and Cancellation of License fees without proper sanction.

28. (a) In the course of a test check of the demand register of Trades and Profession taxes of Ward No. 7 for the year 1933-34 it appeared that remissions of license fees under Section 175 (c) of the Act were granted under the orders of the Deputy Executive Officer without the sanction of the Finance Committee to whom the powers of reduction and remission under Section 175 have been delegated by the Corporation.

(b) Similarly, in several cases, the license fees assessed by the Assessing Inspector under Section 175 of the Act were reduced to one-half by the Deputy License Officer on the 31st March, 1934 under Section 175 (a) of the Act on the report of the Collecting Inspector. These remissions allowed by the Deputy License Officer were not sanctioned by the Finance Committee nor were they approved even by the Deputy Executive Officer. The omission to obtain the sanction of the Committee having been pointed out in the query statements in audit, lists of half remission and reduction of the Trades and Profession taxes under Section 175 (a), (b) and (c) for the year 1933-34 have subsequently been prepared and submitted before the Finance Committee which have referred the same to a Sub-Committee for scrutiny. The Accounts Department however adjusted the amounts of these half remissions and reductions in the accounts for the year 1933-34 without waiting for the final orders of the Finance Committee. This practice was irregular. The same irregularity was dealt with in the previous audit reports and it was suggested in paragraph 41 of the Audit Report for 1931-32 that the Accounts Department should not adjust such remissions and reductions in the accounts until they are finally sanctioned by the Finance Committee but no attention appears to have been paid to the suggestion.

SIR STUART HOGG MARKET.

Unbusinesslike transaction.

29. Stalls Nos. 64-66 in block "F" (New) of the Sir Stuart Hogg Market were allotted by the Public Utilities and Markets Committee at their meeting held on the 6th September, 1926 to Babus Nabadwip Chandra and Brindaban Chandra Saha on condition that an initial rent of Rs. 2,750 was paid as below:—

Rs. 1,000 on 6th September, 1926.

Rs. 875 on 31st October, 1926.

Rs. 875 on 30th November, 1926.

The first instalment was paid on 7th September, 1926 and Rs. 1,250 on different dates between 10th January, 1927 and 15th November, 1931—possession having already been given on realisation of the first instalment. The balance amounting to Rs. 500 still remains outstanding. In reply to audit query dated 2nd February, 1932 the Superintendent of the Market stated on 5th March 1935 that the matter had been referred to the Law Officer for taking necessary steps for recovering the outstanding dues. Further enquiry elicited the information that the Law Officer did not take any action at all on the ground that the "demand was not officially transferred" to his department. The rent roll shows that the party is still in possession of the stall. Immediate action should be taken to recover the amount.	

Park Circus Market.

30. The comparative statement given below of the total receipts and expenditure of the Park Circus Market during the years 1931-32, 1932-33 and 1933-34 will show that the Corporation is suffering heavy loss in maintaining the market:—

PARA 30.—The matter is now pending before the (tion vide item No. 30 of 30th March, 1936.

Year.	Total receipts during the year. Rs. A. P.	Expenditure on account of rent payable to the Calcutta Improvement Trust during the year. Rs.	Expenditure on account of establishment and other charges during the year. Rs. A. P.	Total expenditure during the year. Rs. A. P.	Net loss during the year. Rs. A. P.
933-34	5,319 9 6	7,560	2,734 6 10	10,384 6 10	5,064 13 4
932-33	4,955 0 0	7,050	3,113 5 4	10,163 5 4	5,208 5 4
931-32	6,806 2 6	6,450	3,720 13 9	10,171 13 9	3,865 11 3

It appeared from the case file in connection with the taking over of the Park Circus Market by the Corporation that the said market was constructed by the Calcutta Improvement Trust from whom the Corporation took possession of the same on a perpetual lease on certain conditions. The contract, however, has not been formally executed yet. The rent of the market payable by the Corporation to the Improvement Trust was fixed at Rs. 500 per mensem rising upto Rs. 770 in the course of 6 years at the rate of Rs. 50 per annum upto the 5th year and Rs. 70 in the 6th year. The Corporation took possession of the market with effect from the 1st June, 1930 and since then they are suffering loss on account of the same every year. Once, in 1931, the Corporation expressed their desire to the Calcutta Improvement Trust for the abandonment of the Market but the latter was not agreeable to take back the market on the ground that such a course would be a breach of faith with the public of the locality concerned to whom they sold their surplus lands at high prices and who expected that a Municipal Market would be in existence in that locality. The Corporation could neither give up the market nor could they sub-lease it as that was not admissible according to the conditions on which they took possession of the Market. In view of the recurring loss from the market, the Corporation may consider whether the Improvement Trust should not be requested to fix a lower rate of rent if they cannot forego the same altogether.

It would be seen from the above that the total outstandings in respect of rate bills and miscellaneous bills on the 31st March, 1934 were Rs. 11,76,048 against Rs. 8,35,518 on the corresponding date of the previous year. The outstandings in the hands of the Law Officer have thus increased by more than 3 lacs in the course of the year 1933-34. Out of the total amount of Rs. 11,76,048, only Rs. 1,49,095 has been decreed, and suits for Rs. 2,00,264 are pending in different courts, leaving a balance of Rs. 8,26,689 for the realisation of which no suit was filed during 1933-34.

Bills time-barred

32. In the course of verification of the bills in the hands of the Law Officer on the 31st March, 1934 it was found that several bills were outstanding for over 12 years and thus got barred by limitation. A list of such bills is appended hereto in Statement G. An enquiry as to the reasons for not taking legal steps in respect of these bills was made, but no reply to the audit query was furnished by the Law Department. Rule 490 of the Assessment and Collection Manual enjoins that all suits must be filed within three months from the date of receipt of bills from the Collector, but in these cases no action appears to have been taken. The circumstances under which the bills were allowed to get time-barred and the action taken, if any, for the realisation of these bills may be reported. It is suggested that a list of such time-barred bills should be prepared at the end of every year with an explanation against every item as to the reason for which it was allowed to get time-barred and submitted to the Corporation for orders.

Cost of Police Watch not fully recovered

33. A sum of Rs. 8,652 is paid annually on account of the pay, and pen ion and leave contribution of one Sub-Inspector of Police and 10 Constables ppointed for Corporation work, viz., to prevent unauthorised construction of uildings. The Corporation realises a charge of Rs. 5 per day for constant vatch and Rs. 2-8-0 for occasional watch from the owners of such buildings. he amount recovered falls far short of the expenditure incurred as will be een from the following table:—

It was accordingly suggested in paragraph 54 (a) of the Audit Report for 931-32 (vide copy in Annexure I), that the rates of recovery might be suit- bly raised to cover the cost incurred. Action taken by the Corporation on this oint has however not yet been communicated.

Such circumstances are in each case reported to the Chief Executive Officer, the Finance Committee and the Corporation. The proceedings of the Committee and the reports in the files may be inspected by the Auditors if thought necessary. The Police force as maintained appears to be more than what is required as on a "Peace footing" and the auditors further think that the full cost for the period of employment should be recovered under Section 365 (3) of the Act. The Chief Accountant reports:— *Paragraph* 33.—This relates to the question as to whether the cost of the Police force which has to be maintained by the Corporation as insisted upon by the Commissioner of Police should be recovered in full from parties upon whose property the police is posted to prevent unlawful construction or only the cost of the police actually posted. I have nothing further to add to what has already been stated and which led to the resolution of the Corporation dated 8th July, 1936. on the subject, a copy of which was forwarded to Government as per Chief Executive Officer's letter No. S/2865 dated 23rd July, 1936. Free use of a Corporation car.

35. Mr. R. M. Ghosh, Traffic Manager of the Corporation Railway was allowed to use one of the Corporation motor cars in connection with unloading work at Dhappa from December, 1930. The Motor Vehicles Department issued bills against him for the hire of the car at the rate of annas eight per hour. Under the Chief Executive Officer's order, the amounts of those bills, instead of being recovered from him were adjusted by debit to "B. I. No. 53 (c) (j)—Unloading at Dhappa" and by credit to "B. I. 22 (n)—Miscellaneous receipts." Thus the amount of miscellaneous receipts was swelled unnecessarily. The total expenditure thus adjusted in 1933-34 amounted to Rs. 1,816 which greatly exceeded the amount of motor car allowance paid by the Corporation at Rs. 100 a month to the other employees who have their own cars. Though the Corporation have delegated the power to the Chief Executive Officer to allow free use of the Corporation car by employees on the Corporation work, when required, such recurring charge for the use of the Corporation car by the Traffic Manager is to be treated as an allowance and sanction of the Corporation is necessary under section 51 (2) of the Act.

Stamp Charges on Loan paid from Loan Account.

36. Stamp charges amounting to Rs. 24,202 were incurred from the Loan Account in connection with loans amounting to Rs. 24,20,200 raised during the year under report for repaying old loans of 1903-04. Specific sanction of Government was not obtained to the charging of this expenditure to the loan account but the debit was adjusted on the strength of the Government letter No. 2197-M dated the 23rd July, 1929 in which Government accorded sanction to the charging of all incidental expenses in connection with the raising of the sterling loan of £500,000 of 1923 to the Capital Account. As the sanction in the Government letter quoted above was accorded in a specific case and not in general terms, sanction of Government is necessary for debiting the stamp charges to the loan account in the present case. Similar objections were also raised in paragraph 90 of the Audit Report for the year 1931-32 and paragraph 37 of the Audit Report for the year 1932-33, but apparently to no effect.

		Accountant-General, Bengal's Letter No. L.A./2617, dated 17th December, 1936 to Government. *Paragraph* 34.—The Corporation agree with their Law Officer in the view that "overtime allowance" does not come within the purview of section 56 but it comes under section 51 (2) of the Act. In that case sanction of the Corporation should have been obtained under section 51 (2) of the Act. As however, the matter was placed before the Corporation, the payment made during this year has been treated as sanctioned by the Corporation. *(Extract from the Proceedings of the Finance Standing Committee dated 23rd March, 1937.)* The Chief Accountant reports:—No remarks.	
		Accountant General Bengal's Letter No. L.A./2617 dated 17th December 1936 to Government. *Paragraph* 35.—It has been stated that the cost of running the car varies from month to month and the total cost for a year is included in the total cost of building to which the sanction of the Corporation is obtained. The free use of a fully equipped car is virtually an allowance which requires specific sanction of the competent authority. As, however, the matter has gone up to the Corporation which have raised no objection to the arrangement, the objection has been treated as settled. *(Extract from the Proceedings of the Finance Standing Committee dated 23rd March, 1937.)* The Chief Accountant reports:—No remarks.	
		Accountant General Bengal's Letter No. L.A./2617, dated 17th December, 1936, to Government. *Paragraph* 36.—In the explanation the sanction of the Local Government accorded in July, 1929, has been pointed out and similar procedure followed by the Port Commissioners cited. The explanation gives no new information but only asserts that Government accepted the principle of such debits when they sanctioned the debit in the case of the sterling loan. The decision of Government asked for in this office letter No. L.A./1620, dated 10th September, 1936 is awaited. *(Extract from the Proceedings of the Finance Standing Committee, dated 23rd March, 1937.)* The Chief Accountant reports:—*Paragraph* 36.—This relates to the debit of discount, etc., to capital instead of to revenue:—No remarks.	(b) *Paragraph* 36.—*Debit of stamp charges to Loan Account.* In their letter No. 2197-M., dated the 23rd July 1929, Government authorised the Corporation, under section 97 (2) (i) of the Calcutta Municipal Act, to debit to its capital account all charges on account of stamp duty and other incidental expenses in connection with the sterling loan of 1922-23. The Corporation appears to have misinterpreted this letter as a general order authorising the debit of the cost of stamp duty and all incidental charges for raising loans to the Capital Account. In view of the clear provisions of section 97 (2) (i), the Corporation should have obtained the specific sanction of Government in each such case. As no such sanction was obtained, the stamp charges amounting to Rs 24,202 incurred in connection with loans raised during the year under report should be refunded to the capital account.

"On Account" Payments.

37. (a) "On account" or part payments to contractors in consideration of orks executed by them were made on bills supported by a certificate from the ad of the department without copies of the measurement sheets being furnished or instance, C. V. No. 925 dated the 12th April, 1933 regarding payment of . 3,500 to Messrs. Dutt and Co., for raising the surface of Sahitya Parishat reet and C. V. Nadia Engineering Co. in connection with the concrete vement of the Chittaranjan Avenue between Mechuabazar and Beadon reets.) In the absence of recorded measurements of the work done it can t be ascertained whether the quantity of work executed warranted the ount paid. A reference is invited in this connection to Rule 183 of the gineering and Survey Manuals requiring progressive measurement to be own in the case of "on account" payments.

(b) In this connection it may also be pointed out that the "on account" yment of Rs. 1,50,000 in C. V. No. 14535, dated the 22nd September, 1933 to essrs. R. P. Roy and Sons for the construction of the additional Town High vel sewer was not posted in any Personal Ledger account of the contractors.

PARA 38 (a).—The Editor reports :—

The remarks in this paragraph are based on a mis tion of the financial basis on which the *Calcutta Mu Gazette* is run. It is assumed by the Government Au that the *Gazette* is published for financial profits, w however, is not correct. The proceedings of the Co tees and the Corporation relating to the publication o *Gazette* show that, when the paper was started in the principal motive was to educate the citize Calcutta in Civic affairs and to carry on health paganda At that time the Corporation clearly laid that the main objects of the venture were (1) to s information about the decisions and activities of the poration; (2) to develop the Civic sense of the peop Calcutta; (3) to counteract unjustifiable criticism of Corporation; (4) to publish Corporation notices re contracts and other matters; (5) to furnish vital hygiene statistics, and (6) to incorporate the fore the weekly bulletin of Market Prices Current. The of these is a statutory obligation of the Corporation, the rest are designed to promote public health convenience of the citizens of Calcutta. The questio profit, therefore, does not arise in the case of *Gazette* as it does not arise in regard to the other activities of the Corporation.

This view has been reiterated by the Corporation and been confirmed by a Notification (*vide Calcutta Ga* dated the 5th December, 1935) by the Local Self-Gov ment Department of the Government of Bengal w clearly says that "the publication of the *Calcutta M cipal Gazette* by the Corporation and the expendi incurred in connection therewith are matters likely promote the public health and convenience", etc. full text of the Notification is given below.:—

come to Rs. 10,682-8-6, whereas the pipes would have cost Rs. 9,319-12-4 had they been ordered from the Benagl Iron Co. No justification was adduced for ordering so many pipes to be manufactured at the Corporation workshop at a higher cost, the extra expense amounting to Rs. 1,362-12-2. When the pipes in question were taken over by the Corporation Stores Depot, they were valued in the transfer statements Nos. 2319, 2321 and 2472 of March, 1933 and 602 and 616 of August, 1933 as shown below:—

Denomination.		Number.	Cost of each.	Total cost

4 inches	...	600	9 6 0	5,625 0 0
				11,622 0 6

Thus, their accepted value exceeded the amount of the tender by Rs. 939-8-0. Again, it was seen from the transfer statements that the actual cost of materials and labour required for the manufacture of the pipes amounted to Rs. 13,673-6-4, thus exceeding the accepted value by Rs. 2,051-5-10 in all. The manufacture of the pipes at the Corporation workshop thus entailed a total loss of over Rs. 4,000 as shown below:—

	Rs. A. P.
Due to acceptance of higher tender	1,362 12 2
Due to excess over accepted tender rates	939 8 0
Due to loss in manufacture	2,051 5 10
	4,353 10 0

The sum of Rs. 4,353-10-0 represents avoidable expenditure by the Corporation

Executive Officer's remarks.	Resolutions of the Finance Standing Committee as confirmed by the Corporation.	Audit Rejoinder together with further replies of the Corporation.	Final orders of Government, as per Letter No. 186 M, dated 19th January, 1938.
		It is not understood why the difference between the lowest tender and the one accepted is to be treated as loss, in this case merely because the tender, so to say, of the Corporation Workshop was accepted. It is not in each case that the lowest tender is accepted when the work is given to a contractor and it cannot be seriously contended that the difference must be treated as loss. To seek to treat it as loss is to indirectly impugn the action of the authorities in accepting the lowest tender. This matter was directly raised in D. O letter No. L. A./1648, dated 13th December, 1935, from the Examiner of L. A. to the Chief Executive Officer and the Finance Committee on 26th May, 1936, passed the following resolutions which were confirmed by the Corporation on 24th June, 1936 :— " (i) That as there is no provision in the existing Calcutta Municipal Act as amended making it obligatory on the Corporation to accept the lowest tender it does not appear that the provisions of the law were not complied with resulting in loss of public money. (ii) That the Committee are of opinion that it is not the concern of the Auditors to challenge the statutory rights of the Corporation in regard to the acceptance of tenders in such cases. (iii) That in the opinion of the Committee the instance pointed out is neither a case of material impropriety nor irregularity nor is it an instance of loss or waste of money caused by neglect or misconduct. The Corporation in the exercise of its discretion divided the contract between two contractors in order to ensure the promptness of supply." A copy of the above resolutions was forwarded to the Examiner of L. A. as per Chief Executive Officer's letter No. 8/2108 dated 10th July, 1936. The Examiner of L. A. stated in his letter No. L. A./1166, dated 25th July, 1936, that further action would be taken in due course when the remarks of the Corporation on para 37 of the Audit Report for 1934-35 were received. After many extensions of time for the manufacture, the car was passed by the police on the 8th November, 1933 for registration and it was registered. The car was sent to the Exhibition held at Sraddhananda Park where it was reported to have been damaged by fire on the 2nd December, 1933. The damages were repaired at the Corporation workshop at a cost of Rs. 101 and the car was painted at a cost of Rs. 96. These repairs were reported on the 20th November 1934 to have been completed, but, as suggested by the Chief Engineer, the Chief Executive Officer ordered that the car should be garaged and used on special occasions only. The car (No. 35977) was commissioned on the 9th March, 1935, but on the 13th March, 1935 it was reported that 3 men had been injured while starting the engine, that the front wheels ran out of truth and that the hub cabs came out of the wheel centres. The car being thus unsafe to run, it was remanded to the workshop for repairs and replacements and it has been there since March, 1935. No fresh estimate for these replacements was prepared, the Chief Engineer ordering that the work including replacement of the cylinder head should be done as a continuation of the repairs to the damage caused by fire. According to the terms of the tender and the Corporation resolution on the subject, the manufacturer was to "repair faults due to defective material or workmanship free of charge." As these repairs and replacements have no connection with the damage by fire, this work should have been done at the cost of the manufacturer. The contractor's security deposit should not have been refunded till the expiry of two years from the date of delivery within which faults discovered as above were undertaken by the manufacturer to be repaired free of charge. The cost of repair should be recovered. The discretion reserved by the Corporation to keep back Rs. 1,200 till the car was delivered and found serviceable was given up when the Corporation resolved on the 18th May, 1932 and on the 31st May, 1933 to pay further advances of Rs. 800 and Rs. 500 long before the car was ready. These advances should not at any rate have been adjusted till it was ascertained that the Corporation got the full value for the money at stake. The particulars mentioned above will show that the car is useless, and inspite of the defects that had come to light and without the certificate of any officer that the car worked to his entire satisfaction, the Chief Engineer countersigned the bill for Rs. 1,200 for adjustment as correct and the Chief Executive Officer approved of the Chief Accountant's note that the security deposit might be adjusted to the extent of Rs. 100 and the balance refunded. The advance was accordingly adjusted to the full extent of the price contracted. From the discussions in the meeting which resolved to sanction the expenditure it appeared that the idea underlying the resolution was to have a motor car manufactured in India and thus to promote indigenous industry. Whether the motor car will achieve this result is doubtful. Moreover, the Act does not seem to authorise the expenditure of the rate-payers' money on experiments which have only this end in view.	
Garden at 3, Jessore Road. 41. (a) A garden situated at No. 3, Jessore Road, within the Dum Dum Municipality and containing about 40 bighas of land, about 1500 fruit-bearing trees, two big jheels, one tank and some buildings was taken on lease for 5 years from the 1st June 1930 on a rent of Rs. 600 per mensem plus municipal taxes for locating the North Dhobikhana there. A dhobikhana was accordingly set up in the garden at a cost of about Rs. 30,000 but as the number of dhobis diminished day by day, the Corporation resolved on the 22nd January 1932 that the dhobikhana be closed down at once and the lease surrendered. The owners were not however agreeable to cancel the lease, but in a letter dated the 17th June 1932 permitted the Corporation to sub-let the property. As a result of private negotiation as well as advertisement in the newspapers 20 offers varying from Rs. 110 to Rs. 50 per mensem were received (*vide* Statement H) but though the question of subletting the garden was frequently put up before the Estates and General Purposes Committee, consideration of the matter was postponed from time to time till the lease expired on the 31st May, 1935.	Para 41.— The question formed the subject matter of a special under sections 122 (a) and 122 (aa) of the Act as p No. LA-1157 dated the 25th September 1935 from tl Auditors to the Chief Executive Officer. (i) The agenda before the Committee on the 15th September, 1932 included (a) a report from the District Engineer I that one of the tiled sheds of the dhobikhana had come down and the materials had been stolen and the District Engineer's suggestion that a guard be appointed to watch over the structures and the garden generally and (b) the surveyor's report of an application from one Munshi Harendra Chandra Roy and Babu Khagendra Nath Dutt for sub-lease offering the rent of Rs. 110 per mensem (and six months' rent as security deposit) provided the Corporation carried out general repairs when required and completed the dhobikhana with bibcocks and hand pumps. Consideration was postponed to enable the Chairman to go through the files. (ii) Offers received up-to-date were noted in the precis to have been made over to the Chairman who was to express his views before the Committee on the 10th November, 1932, but the Committee resolved to postpone consideration with direction on the Surveyor to negotiate terms with "the party." (iii) On the 2nd February, 1933 the Committee considered the District Engineer's proposal for a guard and requested the Chief Executive Officer to appoint a guard. The Chief Executive Officer in ordering to place the matter before the Committee remarked as follows:— "As we are losing heavily, we may accept whatever we can get from it to minimise our loss." The Committee directed the Surveyor to try to "lease out the garden again." (iv) It was reported to the Committee on the 1st June, 1933 that advertisements had been issued in the local newspapers fixing the 11th March 1933 as the last date of offer, but they elicited very little response. It was resolved that fresh offers be invited. (v) 12 offers received up-to-date were noted in the precis to have been put up before the Committee on the 6th November, 1933. The offer of Munshi Harendra Chandra Roy and another was still the highest, but the unconditional offers included the following:— (a) Byomkesh Gan, Esq.—Rs. 100 a month for the unexpired portion of the lease. (b) Shukoo—Rs. 80 a month and security deposit of Rs. 150. The Committee resolved that fresh offers should again be invited. (vi) In Estates and General Purposes Committee's resolution No. 55 dated the 8th January, 1934 the motion of Mr Mrigendra Kumar Majumdar that the property be let out was dropped in view of the assurance that "offers had already been invited from the public which were to be received upto the 15th August, 1933." (vii) The 15th August, 1933 had long expired on the 8th January, 1934 and between these dates the Committee had met on the 6th November, 1933 when all the offers received up-to-date were noted to have been put up. The sense of the assurance given and accepted is therefore not at all clear. (viii) The Estates and General Purposes Committee considered this question on the 19th February, 1934 when it was postponed for local inspection by the whole Committee. (ix) From the proceedings of the Committee on the 2nd August, 1934, it was seen that the inspection had been arranged to be held on the 6th March, 1934, but that none of the members attended. On that date the Committee resolved to call for a report from the District Engineer regarding the sale proceeds of fruits etc. from the garden. The District Engineer (District I) reported that fruits were sold in July, 1934 for Rs. 41-11-0 and this was recorded in the proceedings of the Committee held on the 3rd December, 1934. Some fruits were again sold for Rs. 20 in April 1935 and the fish for Rs. 40.

		Valuer and Surveyor be accepted in view of the fact that the Estates and General Purposes Committee tried their best to get suitable offers and to minimise the loss of the Corporation. Letter No. L.A./1640 of the Joint Auditors was considered by the Finance Committee on 20th November 1936 along with my report and then by the Corporation on 2nd December 1936. A copy of the resolution passed by the Corporation on 2nd December 1936, together with an extract from the Minutes of the Proceedings of the meeting of the Finance Committee containing my report was forwarded to Government with letter No S/6102, dated 21st December, 1936. The explanation of the Chief Valuer and Surveyor on the subject and the resolution of the Finance Sub-Committee, dated 4th February 1936, are incorporated in the Proceedings of the Finance Committee Meeting, dated 17th March 1936, extracts from which were previously sent to Government and to the Joint-Auditors as per Chief Executive Officer's letter No. S/2865 and S/2866, dated 23rd July, 1936, respectively *Accountant General, Bengal's letter No. L. A./1163 dated 28th July, 1937 to Government.* *Paragraph* 41 —The auditors' rejoinder was to the effect that no "explanation" had been furnished and not that no "reply" had been furnished. *Chief Executive Officer's letter No. S/4826 dated 4th November, 1937.* This matter was fully explained in the Chief Accountant's report referred to by the Accountant General, Bengal. That report was accepted by the Finance Standing Committee and by the Corporation at their meetings held on 23rd March, 1937, and 27th August, 1937, respectively I do not think that any further action is necessary in this connection	such an enquiry should be made as early as possible and a full explanation submitted to them regarding the loss sustained by the Corporation in this case.

Auditors' Report.	Replies of Departmental replies and Chief Accountant's remar
(b) The total amount spent over the garden was about Rs. 70,000 as detailed in the margin. The action of the Estates and General Purposes Committee prevented the recoupment of a portion of the loss that could have been recouped, though this was pointedly brought to their notice by the Chief Executive Officer. Evidently, they considered the offer insufficient, but they took no tangible steps to have them improved upon. If there was any negligence in the procedure of calling for tenders, it was for the Committee to point that out and to have it remedied, but there was nothing on record on this point. In the absence of any evidence to the contrary, the offers received must be regarded as what could be reasonably expected and the disparity between the rent paid by the Corporation and that offered to it proves, if anything, that the former was exorbitant. A few small sums aggregating Rs. 41-11-0 only was explained to have been realised on account of sale proceeds of fruits during 1934 and Rs. 20 in 1935, besides Rs. 40 for fish in 1935. This was manifestly insufficient, in comparison with the offers received (vide Statement II) some of which are mentioned below:—

ANNEXURE I.

(*Vide paragraph* 25.)

Copy of Paragraph 27 of the Audit Report for 1929-30 :—

The stock of outstanding bills in the hands of this bailiff at the end of the 3rd quarter of 1930-31 was also taken by the Accounts Department. Apparently, the stock-taker of the Accounts Department also accepted the party's receipt in lieu of the two missing bills. This is hardly proper. As each party's receipt for a bill may involve a temporary misappropriation of the amount involved, the Accounts Department should not accept a party's receipt during the quarterly verification to be made by them, but should always insist on the production of the original bills.

Copy of Paragraph 22 (a) of the Audit Report for 1931-32 :-

During the verification of the outstanding rate bills, receipts from the parties in lieu of the original outstanding rate bills were produced in several cases. Inspite of the suggestion made in paragraph 27 of the audit report for the year 1929-30, no action appeared to have been taken by the bailiffs to obtain the original rate bills left with the parties (for inspection before payment) for verification. In view of the various misappropriations, it is not free from risk to accept the parties' acknowleldgment in lieu of outstanding rate bills at the time of verification.

Dishonoured Cheques.

9. (a) The amount of dishonoured cheques which remained unrealised on the 31st March, 1932, as shown in the Municipal Fund cash book did not tally with those shown in the register of dishonoured cheques kept in the Treasurer's Department as detailed in the margin and in Statements B and C annexed. It would be seen from these statements that the amounts of cheques outstanding in the municipal fund cash book were not traceable in the Treasurer's list and *vice versa*. It was verbally stated that some cheques adjusted by the Accounts Department were still shown in the Treasurer's register and cheques transferred to the Law Department were omitted from the Treasurer's list but they were shown in the Municipal Fund Cash Book. The list should be agreed every month and the discrepancies if any should be reconciled in a Memo.

	Rs.	As.	P.
Amount of dishonoured cheques shown in the Accountant's Cash Book on 31st March 1932	17,973	5	9
Amount of short remittance shown in the Accountant's Cash Book	11,972	5	10½

Amount of dishonoured cheques as shown in the Treasurer's register on the 31st March 1932	24,979	1	3
	5,367	4	0
	30,346	5	3

(b) In order to facilitate the comparison of the two lists of dishonoured cheques, the numbers and dates of the cheques should be noted in the list shown in the Municipal Fund Cash Book.

(*Vide paragraph* 16 (*c*).)

Copy of Paragraph 9 (c) of the Audit Report of the Calcutta Corporation for 1931-32.

9. (c) The amounts of outstanding dishonoured cheques have been steadily increasing every year as shown in the margin. It is seen that large number of dishonoured cheques are generally received during the month of March. An enquiry may perhaps be made into this and steps taken to avoid such practice.

Year.	No. of outstanding dishonoured cheques.	Total Amount. Rs.	As.	P.

Dishonoured Cheques.

5. (b) The undermentioned figures show the total amount outstanding on account of dishonoured cheques during the last four years.

	Rs.	As.	P.
31st March, 1930.	16,926	13	4
31st March, 1931.	15,618	1	3
31st March, 1932 ...	17,973	5	9
31st March, 1933 ...	10,981	15	0

Annexure I—(contd.)

These figures indicate an improvement in the position at the end of the year 1932-33. But the very fact that worthless cheques are sometimes received indicates the urgent necessity for a suitable modification in the system. Cheques, for instance, should not be received except from well-known and respectable persons or firms and those tendering cheques which have been dishonoured should be made to pay in notes and coins in future and proceeded against under the Calcutta Municipal Act or the ordinary law as the case may be. This practice cannot be stopped altogether except by resort to stern measures.

CITY ARCHITECT'S DEPARTMENT.

Deficit in recovery of Police costs.

54. (a) About Rs. 8,800 was paid annually to the Local Government on account of pay, pension and leave contribution of one Sub-Inspector, one Head Constable and ten constables appointed for the Corporation to watch unauthorised construction of buildings but about Rs. 1,586 and Rs. 1,277 only were recovered for police costs during the years 1930-31 and 1931-32 respectively. As the costs of Police guards are recoverable from the parties, it may be considered by the authority whether the rates of recovery at Rs. 5 and Rs. 2-8 for constant watch and occasional watch respectively per diem may not be revised so as to cover the whole costs incurred.

Extract from the Proceedings of the Finance Standing Committee dated the 24th May, 1938, as confirmed by the Corporation on 8th June, 1938.

Chief Accountant's report dated 28th March, 1938 to the Chief Executive Officer on the orders and observations of Government as per their letter No. 186-M, dated 19th January, 1938 as placed before the Finance Standing Committee :—

In communicating the orders and observations of Government on the Audit Report for the year 1933-34 the Secretary, P. H. and L. S. G. Department has requested in the concluding portion of the letter that the Audit Report together with the relevant matters may now be published as required by Rule 7 of the Rules regarding the audit of accounts of the Calcutta Corporation.

The original letter of Government has been separately submitted to you for orders regarding publication of the report. In connection with publication of the report I have already pointed out that the Audit Rules do not provide for inclusion in the publication any replies or remarks subsequent to the passing of final orders of Government. The orders and observations of Government are however of a nature deserving the attention of the Corporation. The letter may therefore be placed before the Corporation through the Finance Committee for which your orders are solicited.

These orders and observations are dealt with para by para below as they appear in the Audit Report :—

Paragraph 3.—Delay in the submission of the annual accounts.

Rule 3 of the Audit Rules makes it incumbent upon us to complete and submit the annual accounts for each financial year to the Auditors not later than the first day of October in the next financial year. The annual accounts for 1936-37 were made over to the Auditors on the due date *viz.*, 1st October, 1937.

Paragraph 10 (*a*)—Outstanding advances.

The remarks regarding fixing one time limit for adjustment of all cases apparently relate to the directions given by the Corporation at their meeting dated 13th October, 1936 that the departments concerned should take necessary action for adjustment of advances within 5 years from the date of advances. I think the intention of the Corporation was that none of these accounts should be left unadjusted beyond a period of 5 years in the ordinary course. Every care is always taken to adjust the advances as soon as necessary accounts are available and as a matter of fact quite a large number of cases are squared up long before the expiry of the term of 5 years.

As pointed out by Government the period required for adjustment of different cases vary widely according to the peculiar circumstances of each case. In some cases five years' time also proves insufficient. I do not consider that any workable time limit can be prescribed for each class of advance. The Chief Executive Officer has already issued orders for early adjustment of the outstanding cases.

Paragraph 10 (*g*).

These relate to the outstandings on account of cost of works done in default of others.

Steps are being taken to adjust these as quickly as possible. These cases are noticed in each year's Audit Report and dealt with in connection therewith.

Paragraph 11.—Value of stock in the Workshop.

This relates to the work of erection of certain electric converters at S. S. Hogg Market. The amcunt is recoverable from the bill of the contractors Messrs. P. K. Ghose & Co. The Electrical Engineer reports on 12th March, 1938 that the work is not yet complete and he expects to have it completed in about two months' time.

Paragraph 13.—Balance sheet.

I have nothing further to add to what was stated in the Chief Executive Officer's letter No. S/4826 dated the 4th November, 1937 to Government in reply to the third batch of further remarks of the Accountant-General, Bengal as per his letter No. LA/1163 dated 28th July, 1937. The further remarks of the Accountant-General, Bengal and the replies sent to Government are reproduced below :—

[*Further remarks of the Accountant-General, Bengal.*

It is not denied that the Balance Sheet as now prepared is defective. It would certainly make for a more correct statement of assets in the balance sheet if the Corporation make their review of the assets before the balance sheet is prepared. And as the latter is submitted for audit six months after the closing month of the financial year, it should ordinarily be possible to arrange for this review.

Reply as per Chief Executive Officer's letter No. S/4826 dated 4th November 1937.

It would be quite clear from these remarks that the Auditors are sufficiently convinced now that it is impracticable to make an accurate estimate as to how much of the outstanding balances will turn out to be actually irrecoverable. What they want is a more correct statement of the recoverable assets. As a matter of fact, every endeavour is always made for getting the irrecoverable amounts eliminated from the accounts as far as practicable. Instances are however not wanting in which balances at first appearing to be bad or doubtful were subsequently realised in full or in part owing to change of circumstances. As the Corporation has to carry out its collecting work through various agencies and the balances extend to a very large number of cases, it cannot be a sound financial policy to pass remission, cancellation or write-off orders in haste, simply to make the balance sheet appear more correct although it would still be not accurate. *We cannot sacrifice revenue for the sake of an appearance of correctness.*

Generally, demands which are considered irrecoverable by the executive are placed before the Corporation for cancellation from time to time and these are adjusted as soon as the cancellation is sanctioned by the Corporation. Certain comparatively small items are cancelled by the Chief Executive Officer under powers delegated to him. All cancellations sanctioned in time are included in the Annual Accounts.]

Paragraph 16.—Dishonoured Cheques.—No remarks.

Paragraph 20.—Disposal of objections to assessment.—No remarks.

Paragraph 21.—Loss of the Consolidated rate through error in calculation and for the lump sum reduction of the annual value under section 146 of the Calcutta Municipal Act.

The report of the Commissioner of Police is that the materials available do not make out a case of criminal conspiracy against the officers concerned, nor are they sufficient to establish a criminal case against any of them individually.

The matter is now engaging the attention of the Finance Committee.

Paragraph 23.—Delay on the part of the Corporation Councillors in paying taxes.

In reply to the *ad interim* report of the Joint Auditors as per their letter No. LA/1155 dated 25th September, 1935, the Chief Executive Officer observed as follows in his letter No. S/4306 dated 1st November, 1935 :—

A list of the comparatively large items under rates, say Rs 500 and more is generally prepared and greater attention is paid to these.

The Corporation on 8th July, 1936 resolved that the explanation given in the Chief Executive Officer's reply be accepted.

Paragraph 24.—Heavy outstanding Rate Bills.—No remarks.

Paragraph 25.—Verification of rate bills.—No remarks.

Paragraph 30.—Park Circus Market.

The market cannot be self-supporting unless and until proper structures are put up and the stalls let.

Paragraph 32.—Bills time-barred.—No remarks.

Paragraph 33.—Recovery of the cost of Police Watch.—No remarks.

Paragraph 35.—Debit of Stamp Charges Loan Account.

In reply to the *ad interim* report of the Joint Auditors it has already been pointed out by the Chief Executive Officer in his letter No. S/4647 dated the 20th November, 1935 to Government that in their sanction, Government no doubt, mentioned the stamp duty etc. of the Sterling Loan of the Corporation.

It was further pointed out by him in that letter that in applying for the sanction, it was urged by him that the arguments in favour of the procedure of debiting stamp duty and other incidental charges are of general application to all local bodies and not to the Port Commissioners alone and orders of the Local Government were asked for "to enable the Corporation to adopt the procedure which had been sanctioned for the Port Commissioners." There was no indication in the Government letter that specific sanction would be necessary in each individual case. In view of all these it would be seen that there are nothing wrong in our interpreting the letter as a general order.

The observations now made by Government show that in their opinion specific sanction of Government for debiting the incidental expenses of each loan to the Capital Account is necessary in our case under Section 97(2)(i) of the Act, as distinguished from the case of the Port Commissioners for whom a general order was passed by Government.

Section 97 of the Act is quoted below for ready reference :—

Power to Corporation to borrow money under section 97 (1).—The Corporation may raise a loan of any sums of money which may be required

(a) for the construction of works under this Act, or

(b) for the acquisition of land for the purposes of this Act, or

(c) to pay off any debt due to the Government, or

(d) to repay a loan raised under this Act: Provided as follows :—

(i) no loan shall be raised without the previous sanction of the Local Government.

(2) When any sum of money has been borrowed under subsection (1).

No portion thereof shall, without the previous sanction of of the Local Government, be applied to any purpose other than that for which it was borrowed and * * * *

It would be seen that under this section no portion of a loan raised for any work can be applied to any work or purpose other than that for which it is borrowed and there is nothing in this section which would preclude the incidental costs being debited to the Capital Account the nett proceeds of a loan being available for the particular Capital Work When a loan of Rs. 50 lakhs, say, is raised from the market at a discount of say 2 per cent. we get Rs. 49 lakhs. We have to pay to Government 1 per cent. *i.e.*, Rs. 50,000 as Consolidated Stamp duty. The purpose for which the incidental costs have to be incurred are by no means different from that for which the loan has to be raised.

The Sinking Fund instalment is however calculated on the face value of the loan *viz.*, Rs. 50 lakhs. In that way the burden of the loan is distributed over the present as well the future generations both of whom enjoy the benefits, when loans are raised at a discount for the repayment of earlier loans, a supplementary loan becomes necessary to cover the discount and Government sanctions such loan on each occasion. If discount were properly chargeable to Revenue Government would never have sanctioned the supplementary loan and the Auditors would have objected to it. There is no reason why the charges should be borne by the present generation only which would be the case if it was debited to one year's Revenue. These and other similar considerations impelled Government to pass the general order so far as the Port Commissioners are concerned. And what is good and correct procedure for the Port Commissioners from the financial and accounting point of view cannot be bad for the Corporation of Calcutta. The Bombay Municipality follow the same procedure as ours *viz.*, the one which has been objected to. The present order of Government being contrary to sound financial procedure, should not be carried out but a representation should again be made for a revision of the order.

Paragraph 37.—"On account" payments.

My replies to the further remarks of the Accountant-General. Bengal, as per his letter No. LA/2617 dated 17th December, 1938 to Government are reproduced below:—

"This relates to an on account payment for work done. The work was done but a properly certified bill could not be drawn up It was quite within the competency of the Chief Executive Officer to sanction an on account payment."

The letter of the Accountant-General, Bengal, was duly considered by the Finance Committee and by the Corporation along with my remarks.

Paragraph 38(b).—*The Calcutta Municipal Gazette*—unrealised Advertisement charges.

The matter is being dealt with.

Paragraph 39.—Acceptance of the higher tender of the Corporation Workshop.—No remarks.

Paragraph 40.—*Local Manufacture of a motor car.*

The resolution in this connection runs as follows:—

"That the Committee are of opinion that the experiment for the manufacture of a motor car did not achieve the desired result."

Municipal Corporations, if they are worth their salt must carry on continuous experiments on such matters as "Road surface", "Footpath", "Street Lighting" and the like. It does not require a specific provision in the Act to enable these experiments being carried out. Under Section 80 of the Act "The Municipal Fund is held by the Corporation in trust for the purposes of this Act subject to the provisions therein contained." Roads are a concern of the Corporation so are Motor Vehicles. If Road experiments are within the purpose of the Act, not being prohibited by any provision therein, I do not see how an experiment with the manufacture of a Motor Car can be tabooed.

Again the Health Officer may consider it necessary to carry out experiment (say on rabbits) in connection with "Beri Beri". Would the cost of "such experiments" be surchargeable? Or would experiments for improving the quality of "Swadeshi" mantles for Gas lamps, which are much cheaper than imported mantles come under the term "such experiments"

Mantles come under the term "such experiments." "Such experiments" is a very vague term. No question of surcharge can possibly arise. If this experiment was liable to surcharge, it was incumbent upon the Auditors to surcharge it. Section 12B(1) leaves them no option. In that case the matter could have been decided judicially.

Paragraph 41.—Garden at 3, Jessore Road.

Government desires that a more detailed enquiry should be made but there is no indication as to what sort of enquiry is wanted. The case may therefore be submitted to the Corporation for necessary order.

The matter was placed before the Committee with the approval of the Chief Executive Officer.

Chairman: I have gone into this item very thoroughly. The cases which require further looking into are the following—

(a) Paragraph 20—Disposal of objection to assessment.
(b) ,, 32—Bills time-barred.
(c) ,, 41—Garden at 3, Jessore Road.
(d) ,, 35—Debit of stamp charges to Loan Account.
(e) ,, 40—Local manufacture of a motor car.

Re. (a): We may get a report from the Chief Executive Officer as to how the disposal of objections can be expedited.

The Committee agreed.

Re. (b) Chairman: I think we should get a report from the Chief Law Officer as to what is being done in the matter.

The Committee agreed.

Re. (c) Chairman: I suggest that we should write to Government that the lease expired long ago and it will serve no useful purpose if we go on with the enquiry.

The Committee agreed.

Re. (d) Chairman: It appears that in the case of the Port Commissioners' loan Government passed orders to debit the cost of stamp duty and all incidental charges for raising loans to the Capital Account but in the case of our loan they want us to take specific sanction in each such case. They also urge that as no such sanction was obtained the stamp charges in connection with the loans should be refunded to capital account. Why this differential treatment? The arguments which hold good in the case of one local body apply equally to other local bodies and not to the Port Commissioners alone. I think we should accept the views of the Chief Accountant who should write to Government again.

The Committee agreed.

Re. (e) Chairman: We have got to devise methods of transport of various materials from one part of the city to another and if the Corporation thought that by the local manufacture of a motor car or lorry, they could save a lot of money to the Corporation, I think they would be quite within their rights to do so. We took up sometime ago the manufacture of a road roller in our Workshops.

Mr. D. J. Cohen: This is not analogous. To say that we have a right to experiment with the manufacture of motor car locally by a man who did not even possess a Workshop is not a fair attitude to take up. I entirely agree with the Government that this expenditure should not have been incurred. You will be perfectly justified in making experiments with the manufacture of road rollers, etc., provided your expert

gave you that advice but in the case of a motor car, you can get it from any of the dealers at a cheaper price than what it will cost you to manufacture it. Besides this is perhaps the first experiment of its kind in India.

Mr. G. U. Pottinger: If we need a motor car, we could not possibly guarantee that if we make an experiment to manufacture one that would be successful and our demand would be met. This experiment should not have been undertaken.

Chairman: The only question which we have to decide is the question of principle, *viz.*, whether the Corporation have the right to spend money on experiments. I think we have got this right. Besides this experiment of local manufacture of a motor car was made under the orders of the Works Committee and the expert advice of the Chief Engineer.

Mr. M. M. Haq: I think we have got this right.

Kaviraj Shib Nath Sen also expressed the same view.

Resolved—

That it be recommended that the orders and suggestions of Government as per their letter No. 186-*M, dated the* 19*th January,* 1938, *be given effect to subject to the following directions and remarks:—*

Paragraph 10 (a)—*That in the opinion of the Committee no workable time-limit can be prescribed for adjustment of each advance or of each class of advance and they note with satisfaction that the Chief Executive Officer has already issued orders for early adjustment of the outstanding cases. They further recommend that it be a direction to the departments concerned that none of these accounts should be left unadjusted beyond a period of* 5 *years in the ordinary course.*

Para 13—*That the departments concerned should always take prompt action for obtaining the sanction of proper authority to write off the irrecoverable amounts from the account as far as practicable and when an item has been thus written off,* i.e., *after review, it should be excluded from the Balance Sheet.*

Para 20—*That the Chief Executive Officer be requested to report as to how the disposal of objections can be expedited.*

Para 36 (i)—*That the Committee agree with the Chief Accountant that there is nothing in Section* 97 (2) (i) *of the Act which would preclude the incidental costs of raising a loan being debited to the Capital Account.*

(ii) *That the Committee fully agree with the Chief Accountant that the present order of Government is contrary to sound financial procedure and that a representation be made to Government for a revision of the order on the grounds set forth in the Chief Accountant's note.*

Para 37—*That the Committee are of opinion that in exceptional circumstances on-account payment may be made on definite recommendations from the Engineers in charge, even though measurements of the work done and properly certified bills cannot be submitted with their recommendations.*

Para 39.—*That under Section* 69 (4) *of the Act, the Corporation has full power to reject the lowest or lower tender but the Act does not enjoin that the reasons for rejecting the lowest or lower tenders should be placed on record, nor would it be always feasible to do so.*

Para 40 (i)—*That the term "such experiments" as used in the Government letter does not give any indication as to where Government intends to draw a line.*

(ii) *That the Committee are of opinion that if the Corporation carries out experiments in connection with matters which concern the municipal administration of the city and incurs expenditure therefor, the question of surcharge cannot arise at all.*

Para 41—*That the Government be informed that no useful purpose will be served by further enquiry into the matter inasmuch as the lease expired long ago.*

OFFICE OF THE ACCOUNTANT-GENERAL, BENGAL.

IMPERIAL SECRETARIAT (TREASURY) BUILDINGS.

Calcutta, the 26th November, 1936.

No. L.A./1467.

From

B. N. Sen Gupta, Esq., M.Sc.,
Examiner of Local Accounts, Bengal.

To

The Chief Executive Officer,
Corporation of Calcutta.

Sir,

With reference to Section 122(c) of the Calcutta Municipal Act III of 1923, I have the honour to forward herewith a report on the accounts of the Calcutta Corporation for the year 1933-34 and to request that you will kindly place the same before the Corporation for necessary action at an early date.

2. A Test Audit Note showing the minor irregularities is being forwarded to you separately.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd.) B. N. SEN GUPTA,
Examiner of Local Accounts, Bengal.

Letter No. S. 4906 dated the 1st November, 1935.

FROM

The Chief Executive Officer, Corporation of Calcutta.

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL,

Local Self-Government Department.

SIR,

I have the honour to invite a reference to the seven Reports under Section 122 received by me between the 23rd and 25th September last from the Accountant-General, Bengal and the Examiner of Local Accounts, Bengal, as the *Ex-officio* Joint Auditors of the Accounts of the Corporation, under cover of their letters Nos. L A. 1135 dated the 23rd September, 1935, L.A. 1136, dated the 23rd/24th September, 1935, L.A. 1138 dated the 23rd/24th September, 1935, L.A. 1139 dated the 23rd/24th September 1935, L.A. 1155 dated the 25th September, 1935, L.A. 1156 dated the 25th September, 1935, and L.A. 1157 dated the 25th September, 1935; copies enclosed for reference. Duplicate copies of the Reports have presumably been submitted by the Joint Auditors to Government as required by clause (d) of the section. It will be seen that a peremptory direction has been given in each of these letters that I should communicate the action taken on the relative report within 15 days, three weeks or one month as the case may be.

The reports were received by me between the 23rd and 25th September last as stated above, *i.e.*, only a few days before the commencement of the Pujah holidays and this fact appears to have been over-looked by the auditors when they peremptorily fixed the time limit for action to be taken by me.

Apart from the Pujah holidays, a time limit of 15 days or even one month cannot be regarded as reasonable inasmuch as under Section 123 (1) it is the Corporation who must consider these Reports and take action and report to Government. Matters like this must first be dealt with in the Departments and placed before a Standing Committee and then placed before the Corporation with the recommendation of the Committee. It is not possible to work to a time-table so as to ensure the disposal of such matters even within a month. The Auditors are certainly not unacquainted with the method of working of the Corporation. Nor are the matters dealt with in the Reports such as would demand that a special meeting of the Corporation should be called by the Mayor to consider them peremptorily. In fact I shall endeavour to show below that the interest of the rate-payers would not have suffered had six of these (*i.e.* with the exception of the one pointing out a mistake in calculation resulting in undervaluation of a premises, *vide* Auditors' letter No. 1138 dated the 23rd/25th September, 1935) been included in the Annual Audit Report for 1933-34 prescribed in Section 122 (c).

As matters stand these reports can only be placed before the Corporation towards the end of November, inasmuch as owing to the absence from Calcutta of several members of the Corporation, during the Court vacation every year, very few meetings are held for a few weeks after the Corporation Puja holidays. Only one meeting of the Corporation was fixed this year for October, *viz.*, on the 30th and the same was duly held.

The Reports with departmental explanations will be placed before the Finance Standing Committee as early as possible, and the decision of the Corporation will be communicated to Government in due course. In the meantime, however, I desire to give a few facts, relevant to each Report to enable Government to judge whether the matter dealt with is such as could justify these peremptory injunctions by the Auditors.

(1) *Letter No. L.A. 1135, dated the 23rd September, 1935. Time allowed for taking action—Three weeks.*

This purports to be a report on a case of loss observed in audit. In fact there has been no loss.

The power under Section 175 of the Act to remit, refund or exempt trade or profession tax or to lower assessment, has been delegated by the Corporation to the Chief Executive Officer "subject to approval of the Finance Standing Committee, whose order shall be final." This power has been redelegated by me to the Deputy Executive Officer. Whatever may be the theoretical position, in actual practice action cannot be deferred till the approval of the Committee, for in that case the delegation to the Chief Executive Officer would be purposeless. And when action is taken (and lower taxes are realised) it is only proper that the actual taxes should be adjusted. If taxes which have, as a matter of fact, been remitted, were to be shown in the Accounts as outstanding, the assets would be inflated without any reason and I should not be surprised if the Auditors themselves described such an account and balance sheet as incorrect. There has, no doubt, been delay in placing the matter before the Committee but there has been no loss. Assuming for arguments' sake that the Committee would, in some cases, consider that a higher demand should be made, it would then be for the Accounts Department to revive the difference in demand. As a matter of fact the Sub-Committee to which the Finance Standing Committee referred the list for consideration, have recommended acceptance of the departmental proposals and this recommendation will be placed before the next meeting of the Committee whose sanction is final.

(2) *Letter No. L.A. 1136, dated the 23rd/24th September, 1935. Time allowed for taking action—15 days.*

This purports to be a case of material irregularity.

The overtime allowance is being paid to the Drivers in question since 1921. In that year, on the 3rd June, the Chairman delegated to the Deputy Chairman the power to sanction "payment of special contingent expenses as per Article 371 of the Corporation Accounts Code (2nd Edition).

And this was reported to the Corporation under Section 34 (2) of the Repealed Calcutta Municipal Act. This was recorded by the Corporation by Resolution No. 445 dated the 17th August, 1921. Now "Special Contingencies" under Article 371 of the Accounts Code include "Overtime allowances."

Since the coming into force of the present Act, (*i.e.*, since 1st April, 1924) each monthly bill of the Asphaltum Lorry Drivers in which overtime allowance is drawn, whether for less than 20 days or not, is submitted to me for sanctioning the overtime allowances and I accord sanction on the bill. This procedure is designed to spare me the trouble of according sanction in each individual case..

Overtime allowance is also regularly paid in several other Departments of the Corporation, *e.g.*, the Press, the Entally Workshops, the Department for the supply of water to Shipping besides to Drivers of Motor Vehicles other than Asphaltum Lorries. The overtime allowance to the other drivers is approved by the Corporation when sanctioning their appointments under Section 51 (2) and the overtime allowances to the other Departments are paid in accordance with the provisions in various codes and Standing Orders. In my opinion Section 56 does not apply to these.

(3) *Letter No. L.A.* 1138, *dated the 23rd/25th September,* 1935. *Time allowed*—15 *days.*

This is a case of loss arising out of a mistake in calculation.

The Bills for the Current Quarter have been recalled and the legal point as to whether the party can be made to pay the amount short charged is being examined.

The Auditors also served a notice on the First Deputy Executive Officer personally. It was (No. L.A. 1137) received by him on the 25th September and gave 15 days' time for a reply. A copy of the notice is enclosed. At his request the Auditors were pleased to extend the time for reply to the 30th instant and a reply was forwarded on the 29th October, 1935, as per copy enclosed.

(4) *Letter No. L.A.* 1139, *dated the 23rd/24th September,* 1935. *Time allowed*—15 *days.*

This purports to be a case of material irregularity. In my opinion there has been no irregularity. The case, in short, is as stated below :—

Difficulty having been experienced in obtaining the necessary police assistance under section 451 of the Repealed Act an arrangement was made with the Commissioner of Police under which a staff of 10 constables and one Sub-Inspector was sanctioned by the General Committee on 31st October, 1919 temporarily for six months. Subsequently this staff was sanctioned permanently. It is maintained by the Commissioner of Police at the cost of the Corporation.

There was no provision in the Repealed Act for realising the cost of Police Guard. Although under section 365 (3) of the Act of 1923 the Corporation may require the persons carrying on an unauthorised construction to bear the cost of providing the Police Guard there can be no question of realising the entire cost of the whole staff of 10 Constables and one Sub-Inspector. It is only when there is an unauthorised construction and one or more constables are posted, that the question of recovery arises. In fact, if there is no unauthorised construction there would be no recovery. That would be an ideal state of things and the Corporation would no doubt welcome it. the audit objection notwithstanding. A Police Force must still be maintained as on a "Peace footing."

As it is, recovery is made from the offending parties at the rate of Rs. 5 per day per Constable for continuous watch and at Rs. 2-8 per day per Constable for occasional watch, these recoveries have been ordered by the Corporation under section 365 (3) of the Act at their meeting dated the 19th March, 1930.

I shall now deal with the items mentioned in the statement.

1—6. No remarks.

7. It is reported by the City Architect that no Constable was posted during the period in question as will appear from both the Police Diary and the office records and that cost of watch actually posted has been realised.

8. In this case Police watch was posted to stop construction of certain unauthorised temporary structures for a carnival show. When the case was pending in the Municipal Magistrate's Court the party left Calcutta leaving no trace behind and as a result the prosecution could not be carried on effectively.

9. This is in Cossipore. The City Architect reports that "it was not possible for the District Building Surveyor and the Building Inspector to come to the Central Municipal Office to record in the Police Diary the date of withdrawal. From the file it appears that the District Building Surveyor in his note dated 22nd April, 1933, recommended recovery of Police cost for one day on 22nd April, 1933, and further stated in his note that the Police had been instructed to withdraw. So the realisation of the cost for one day was quite in order."

10. The City Architect reports that in this case although the Police was requisitioned for constant watch it was actually posted in the evening. So the District Building Surveyor concerned treated the day's watch as occasional and realised the cost accordingly.

11. The watch was converted from "constant" to "occasional" under the City Architect's orders on a report submitted by the Sub-Inspector of Police. The order was taken away by the Police. I do not see why the City Architect's report should not be accepted in audit.

This deals with rates and taxes due from certain Councillors and calls upon the Corporation to prepare a complete list of all Councillors Aldermen and employees who have not paid their rates, taxes and other dues to the Corporation, noting the details of all outstanding dues and the reasons for non-realisation as well as the steps taken to deal with them. The Auditors' observation that the Councillors of the Corporation are expected to set an example to the general body of rate-payers in the regular payment of taxes and other dues reads like a homily and I do not see where the utility of such a list comes in for a proper conduct of audit. After all an audit is not an inquisition.

Nor can the Auditors' order the Corporation about, as it were, and call upon them to prepare any statement that may strike their fancy. Each case of outstanding has to be dealt with separately and there does not seem to be any necessity even from an administrative point of view for pillorying a particular class *e.g.*, preparing a list of European defaulters, of Hindu defaulters or of Mahomedan defaulters, of Doctors and of Lawyers as distinguished from tradesmen who have not paid their taxes and so on. A list of the comparatively large items under rates, say, Rs. 500 and more, is generally prepared and greater attention is paid to these.

Mr. R. M. Ghosh is the Traffic Manager of the Corporation Railway. As such his duty is to see that the Refuse wagons are properly placed at the Dhappa siding. The work of unloading was a part of the consideration for the lease of the Dhappa Square Mile lands to Babu Bhobo Nath Sen. When the lease came to an end, there was a dispute with the lessee and the matter is now pending before the High Court. The work of unloading the wagons is being carried on departmentally since January, 1931 under the supervision of Mr. R. M. Ghosh in addition to his ordinary duties as Traffic Manager. For this he gets a monthly allowance of Rs. 25 and the free use of a Corporatian car. The monthly allowance being a fixed sum has been specifically sanctioned by the Corporation but the cost of running the car varies from month to month and the total cost for a year is included in the total cost of unloading to which sanction of the Corporation is obtained. The total cost for 1933-34 has been approved by the Works Committee and will be placed before the Corporation for sanction. In approving the total cost for 1933-34 the Committee recommended that instead of the free use of a car, the Traffic Manager may be given an allowance of Rs. 100 per month. But the cost for 1934-35 has been approved by the Committee without such a reservation.

I do not agree with the auditors that the free use of a Corporation car is to be treated as an allowance and that sanction of the Corporation is necessary under Section 51 (2).

No allowance has been paid, only the means of locomotion has been provided.

As stated above, sanction is taken to the expenditure on unloading as a whole including the running of the car. It is, however, some consolation that the Auditors have not sought to bring this under Section 56 (b), where the word "allowance" occurs of their view about overtime allowance in item (2)

Within the short time at my disposal, I have not been able to go into the records for five years. Besides, the report is an indictment against the Committee and the Corporation and the matter may be left to them. The lease terminated in May last when the owners took over possession and no executive action is called for at this stage.

Dated the 29*th October*, 1935.

To

THE ACCOUNTANT-GENERAL, BENGAL,

Sir,

Please refer to your notice under Section 123-B (i) of the Calcutta Municipal (Amendment) Act, 1933, No. L.A. 1137 dated the 23rd September, 1935, served on Haji Abdur Raschid Khan, First Deputy Executive Officer, Calcutta Corporation through the Chief Executive Officer. I am directed to enclose herewith the reply of Haji Abdur Raschid Khan. The Chief Execuive Officer has seen the reply. He is out of town just at present and he might put in such further remarks as he may desire on his arrival. Meanwhile, to expedite matters, Haji Abdur Raschid Khan's reply is being forwarded to you.

To

THE ACCOUNTANT-GENERAL, BENGAL AND THE EXAMINER
OF LOCAL ACCOUNTS, BENGAL.

Through the Chief Executive Officer,

Corporation of Calcutta.

In reply to the notice No. L.A. 1137 dated the 23rd/25th September, 1935, I submit that the Corporation sustained a loss due to a regrettable error of a calculation which was not detected by the Checker. The Auditor states—"It is curious that it did not strike either the Revising Surveyor or the Deputy Executive Officer why the annual value should be abnormally lower than the existing value." It would not appear to be so curious if one goes into the routine work of the Deputy Executive Officer. Checking and verifying calculations form no part of his duty and he signs to the figures as finally calculated by the office on the assumption that the calculations have been correctly made by those whose duty it is to make them. Under the existing conditions it is not possible for the Deputy Executive Officer at the time of signature to compare the original valuation with the final valuation or to enquire into the causes of abnormal increase or decrease and he will have to give up his other duties if he has to do this work over again.

An opportunity came for the detection of the error during next revaluation, but this opportunity was missed through carelessness of the Assessing Inspector who without trying to find out the cause for discrepancy cut short the matter by putting the remarks "Reduced to 938 under Section 146" which misled me.

On a deputation received by the Chief Executive Officer, consisting of some Councillors and representatives of Rate-payers' Association in connection with the General Revaluation of the Ward, it was agreed that in view of the world-wide depression and consequent fall in value of house properties in Calcutta the valuation of houses occupied by owners should not, for the present, be increased unless there was additions or other special circumstances; this principle was to be extended to valuations previously reduced under Section 146 provided there was no addition or change of circumstances of owner for the better.

As there had been no negligence on my part, I do not know how I can possibly be made responsible for the loss.

(Sd.) Abdur Raschid Khan.
First Deputy Executive Officer,
Corporation of Calcutta.

Letter No. S. 4647 dated the 20th November, 1935, from the Chief Executive Officer, to the Secretary to the Government of Bengal, Local Self-Government Department.

I have the honour to invite a reference to a report under Section 122 (a) of the Calcutta Municipal Act received in my office on the 24th October last from the Accountant-General, Bengal and the Examiner of Local Accounts, Bengal, as the *ex-officio* Joint Auditors of the accounts of the Corporation, under their letter No. L. A. 1313 dated the 24th October, 1935 a copy of which I enclose for ready reference. It is presumed a copy has also been submitted by the auditors to Government as required by clause (d) of the Section.

For the reasons stated in my letter to you being No. S. 4306 dated the 1st November, 1935 dealing with seven other such reports, it has not been possible to deal with this report within the period of 15 days peremptorily fixed by the Auditors.

This report purports to deal with a case of material irregularity *viz.*, the debiting of stamp duty on Debentures to the Capital instead of to the Revenue Account. This matter formed the subject of correspondence between the Port Commissioners of Bombay and of Calcutta on the one hand and Government on the other about 10 years ago and the procedure of debiting Stamp Duty and other such charges to Capital, which the Port Commissioners urged to be correct, was ultimately accepted as such by the Government of India.

I enclose an extract from the proceedings of the Port Commissioners' 1924th meeting, held on the 27th April, 1925, which has been obtained from their office. It will be seen that the following conclusions were drawn by them from their arguments for submission to Government (*vide* para 7 of Draft Joint representation).

"(i) that they have shown their present position to be correct in principle, logical and convenient in execution, and equitable in its effect on the interests they serve,

(ii) that it is consistent with the declared policy of the Government of India in another connection.

(iii) that it is substantially identical with that followed by similar bodies in the United Kingdom.

(iv) that it is supported by professional opinion of high standing."

In letter No. 2197-M dated the 23rd July, 1929 to the Corporation, the Local Government accorded sanction to the procedure of debiting Stamp Duty and other incidental charges for raising a loan to the Capital Account instead of to the Revenue Account as insisted upon by the Government Auditors. The point under reference is purely a matter of accounting and we cannot reasonably have different methods for different cases. After protracted correspondence between the Port Commissioners, the Local Government and the Government of India, the Government of India agreed that the Port Commissioners may debit all incidental costs for raising a loan to the Capital Account. The case of the Corporation is identical with that of the Port Commissioners and Government was pleased to approve the same method in the case of the Corporation's Sterling Loan which was then under dispute, as a matter of principle. In my letter to Government it was urged that the arguments in favour of the procedure of debiting stamp duty and other incidental charges to Capital are of general application to all local bodies and not to the Port Commissioners alone and orders of the Local Government were asked for "to enable the Corporation to adopt the procedure which had been sanctioned for the Port Commissioners." In their sanction Government, no doubt, mentioned the Stamp Duty etc., of the Sterling Loan of the Corporation but the principle having been accepted it is absolutely unnecessary to go up to Government each time for its adoption in each individual case or for a reiteration of their acceptance of the procedure as the correct one.

In my opinion further sanction of Government is not necessary.

Corporation resolution dated the 8th July, 1936.

(1) That in regard to letter No. L.A./1135 dated the 23rd September, 1935, from the Joint Auditors regarding the remission and cancellation of license fees without proper sanction, no action is necessary in this case, having regard to the fact that the Corporation have already delegated to the Chief Executive Officer, under Section 12(1) of the Act, final powers in regard to remission, refund or exemption of trade and profession taxes or to lower assessment under Section 175 of the Act.

(2) That in regard to letter No. L. A./1136 dated the 23rd and 24th September, 1935 from the Joint Auditors regarding overtime allowance paid to the Asphaltum (Lorry) staff of the Motor Vehicles Department, the Corporation agree with the view of the Law Officer that overtime allowance does not come within the purview of Section 56 (b) but it comes under Section 51 (2) of the Act and therefore the objection taken by the Auditors, is not maintainable.

(3) That in regard to letter No L.A./1138 dated 23rd and 25th September, 1935, from the Joint Auditors regarding loss of the consolidated rate in respect of No. 67, Sukeas Street (now 41, Kailas Bose Street).

The Corporation do not find it possible at this late date to obtain all the evidence that they would like to obtain. But they find from a general enquiry that the 1st Deputy Executive Officer is, throughout the whole transaction, techinically responsible, and so also in a lesser degree, is the Assessor. The Assessing Inspector, Babu Dhirendra Nath Banerjee, who negligently made the misleading and incorrect reference to Section 146 and the Assistant Assessor, Mr. M. L. Saha who negligently failed to check the accuracy of this misleading and incorrect reference to Section 146, have each contributed to the making of this serious under-assessment. Further evidence may transpire as the result of a police enquiry; and accordingly the Corporation direct the Chief Executive Officer to have, if possible, a police enquiry made in this matter. The Corporation further find that in this case the provision of the Assessment Manual have not been strictly observed.

(4) That in regard to letter No. L.A./1139 dated the 23rd and 24th September, 1935, from the Joint Auditors regarding the cost of Police watch not being fully recovered the explanation given in the Chief Executive Officer's reply to Government in letter No. S. 4306, dated 1st November 1935, be accepted, in view of the fact that Police was posted not only for the purpose of preventing unauthorised construction, but also for keeping watch over such construction for the purpose of securing evidence in Court. The Corporation are further of opinion that it is not obligatory on the part of the Corporation to realise the whole amount of Police cost from the party. The old Act did not contemplate any such recovery. Under the new Act, the Corporation may recover such portion of the cost as they may fix. Besides the Corporation have to maintain the Police staff whether there is any posting or not. The question of realizing the entire cost, therefore, does not arise.."

(5) That in regard to letter No. L.A./1155 dated 25th September, 1935 from the Jt. Auditors regarding delay on the part of the Corporation Councillors in paying taxes, the explanation given in the Chief Executive Officer's reply be accepted.

(6) That in regard to letter No. L.A./1156 dated 25th September, 1935 from the Jt. Auditors regarding the free use of a Corporation car by the Traffic Manager of the Corporation, the explanation given in the Chief Executive Officer's reply be accepted.

(7) That in regard to letter No. L.A./1157 dated 25th September, 1935 from the Jt. Auditors regarding Garden at 3, Jessore Road, the explanation given in the Chief Executive Officer's reply be accepted.

(8) That in regard to letter No. L.A./1313 dated 24th October, 1935 from the Jt. Auditors regarding stamp charges on loans paid from Loan Account. The explanation given in the Chief Executive Officer's letter No. S. 4647 dated 20th November, 1935 to Government be accepted.

Letter No. L. A. 1830 dated 9th December, 1935, from the Accountant-General, Bengal to the Secretary to the Government of Bengal, Local Self-Government Department.

In continuation of the *ad-interim* reports under Section 122 (d) of the Calcutta Municipal Act forwarded with my marginally noted Memorandums, I have the honour to refer to the Chief Executive Officer's letters No. S. 4306 dated the 1st November, 1935, and 4647 dated the 20th November, 1935 to Government, copies of which have been forwarded to me.

L. A. 1135A dated the 24th September, 1935.
L. A. 1136A dated the 24th September, 1935.
L. A. 1138A dated the 25th September, 1935.
L. A. 1139A dated the 24th September, 1935.
L. A. 1155A dated the 25th September, 1935.
L. A. 1156A dated the 25th September, 1935.
L. A. 1157A dated the 25th September, 1935.
L. A. 1313A dated the 24th October, 1935.

Before examining the merit of their contents I would invite the attention of Government to the procedure adopted by the Chief Executive Officer. The procedure prescribed in Section 123 is that defects or irregularities pointed out are to be forthwith remedied by the Corporation and the steps taken reported to Government. On the analogy of Rule 6 of the rules framed under Section 123-G of the Act it would appear that it is the Auditors and not the Corporation (much less its Chief Executive Officer in his individual capacity) who should refer the differences of opinion, if any, to the Government for orders. In the cases under discussion, the defects have not yet been rectified and the Chief Executive Officer has only reported non-compliance and his reasons therefor to Government.

The Chief Executive Officer has also made it a grievance that the time allowed in each case was insufficient. If so, it was obviously open to him to point out the inadequacy of the time allowed, to me, as the Deputy Executive Officer on whom a notice for an explanation was served had, apparently with his knowledge, done. Further, considering the fact that the replies to the Audit Reports for 1930-31, 1931-32 and 1932-33, sent to the Corporation in July, 1932, July 1933 and December, 1934, have not yet been received back and presuming that the time required is not to be regulated by those standards, it would certainly have been helpful if an indication as to the time considered adequate by the Chief Executive Officer in each case had been given by him.

The Chief Executive Officer next opines that most of the cases dealt with were not emergent enough for *ad-interim* reports. In matters like these it is possible to hold different views. Moreover, the obligatory provision of Section 122 of the Act leaves no option to the Auditors regarding the issue or otherwise of these *ad-interim* reports when cases of "material impropriety, irregularity, wastage or loss" come to their notice.

I now proceed to deal with the cases *seriatim* :—

(i) *Letter No. L. A.* 1135 *dated the 23rd September,* 1935, *regarding cancellation and reduction of license without proper sanction.*

The Chief Executive Officer argues that if write-off be postponed till the sanction of the Finance Committee is obtained, the delegation of the power to the Deputy Executive Officer would be purposeless. The argument misses the point that premature action makes the reservation of power in the Finance Committee on the other hand nugatory.

He is however correct in saying that audit would pronounce a balance sheet as incorrect if based on inflated figures. The remedy lies not in anticipating the findings of the Finance Committee, but in showing in the balance sheet recoverable balances only; those that are doubtful or irrecoverable being (so far as the balance sheet is concerned) specifically described as such.

It appears from extracts from the proceedings of the Finance Committee held on the 7th November, 1935, that the Finance Committee have accepted the License Officer's recommendations. The particular case reported may, under the circumstances, be treated as disposed of.

(2) *L. A. 1136, dated the 24th September, 1935, regarding payment of overtime allowance to the Asphaltum Lorry Staff of the Motor Vehicles Department.*

Sanction of competent authority to the payment of overtime allowance to this staff having been called for in audit, it was explained that in the case of staff working overtime for more than 20 days in a month the Deputy Chairman's order dated the 9th January 1921, still held good and that as regards those who worked for less than 20 days, the Chief Executive Officer's sanction was sufficient. From a copy of the Deputy Chairman's order dated the 9th January 1921, supplied, it was found that specific sanction was contemplated in each individual case "for a fewer number of days than twenty." While the explanation as regards competency could not be accepted on principle, specific sanction in each individual case was also not traceable, and the matter was accordingly reported under Section 122(a). The Chief Executive Officer now explains that to avoid the trouble of according sanction in each individual case he accords his sanction on each bill of the lorry drivers, and that in his opinion section 56 of the Act does not apply because under the Accounts Code of the Corporation special contingencies include "overtime allowance". The first part of this explanation has been verified with reference to the vouchers mentioned in the report. The Chief Executive Officer's order was given on a separate sheet of paper though not on the bill itself. The explanation is therefore accepted in so far as that point was concerned.

But regarding the Chief Executive Officer's authority to pay such allowances, the explanation is not clear. There is no information that the Corporation have formally adopted the Accounts Code referred to. Even if it be the case, the Code cannot override the provisions in the Act. Sanction of the Corporation will have to be obtained either under Section 51 as is explained to have been done in the case of similar allowance paid to other employees or under Section 56, as may be found preferable or convenient.

(3) *Letter No. L. A. 1138, dated the 25th September, 1935, regarding "Loss arising out of a mistake in calculation."*

The information given in the explanation is very meagre and does not encourage any hope that the Corporation would be able to recoup the loss. The issue of a surcharge certificate is accordingly under consideration.

(4) *Letter No. L. A. 1139 dated the 24th September, 1935, regarding recovery of the cost of Police watch.*

The explanation is that the Corporation will have to maintain the police force in full, irrespective of the fact whether they can fully utilise their services, or there is any breach of the law at all, because, a force must in any case be maintained on a "peace footing." The facts of the case however indicate that the Police force as maintained is much more than what is required on a "peace footing" in the light of actual requirements. Section 365 (3) of the Act quoted by the Chief Executive Officer authorises the Corporation to recover the cost of Police from the person responsible for unlawful work. The Act apparently contemplates the recovery of the cost in full.

The Chief Executive Officer's explanation as regards item 7 and the last 3 items of the statement appended to the report are accepted on his authority. A fuller explanation with reference to the dates is necessary in the case of item 8.

(5) *Letter No. L. A. 1155, dated the 25th September, 1935, regarding delay on the part of the Municipal Councillors in paying taxes.*

The explanations on this subject seek to make light of a serious matter. It reads a homily in an appeal to the Councillors to pay their taxes in time, discovers inquisition in audit, mistakes a suggestion for an order, and while urging that such a list is not necessary even for administrative purposes, doubts its utility for the purpose of audit.

The Chief Executive Officer concludes by saying that a statement of arrears of say Rs. 500 or more is generally prepared and greater attention paid to it. The information furnished by the Collector on this point is however, that no such lists are kept and that they are not contemplated in the Manual (*vide* copy of query and reply enclosed.)

(6) *Letter No. L. A.* 1156 *dated the* 25*th September,* 1935 *regarding the free use of a Corporation car by the Traffic Manager.*

The Chief Executive Officer explains that the car is used in connection with the unloading work at Dhappa and that the total cost of unloading work at Dhappa including the cost of the motor car is placed before the Corporation for sanction. The Corporation have since in their meeting held on the 15th November, 1935 passed the total expenditure on account of the cost of unloading refuse at Dhappa during the years 1933-34 and 1934-35. The free use of a fully equipped car is, however, virtually an allowance, which requires specific sanction of the competent authority. Moreover, the debit of the expenditure on this account to the work instead of to "Establishment" seems to be incorrect.

(7) *Letter No. L. A.* 1157, *dated the* 25*th September,* 1935, *regarding the garden at No.* 3, *Jessore Road.*

No explanation has been given as the matter concerns a Commitee. The decision of the Corporation will have to be awaited.

(8) *Letter No. L. A.* 1313 *dated the* 24*th October,* 1935, *regarding stamp charges debited to Loan Account.*

The explanation gives no new information but only asserts that Government accepted the principle of such debits when they sanctioned the debit in the case of the Sterling Loan.

Due to delay in receiving the replies from the Corporation the Audit Report for the year 1933-34 had to be issued after such amendments as the above explanations warranted.

Letter No. L.A. 1640, dated 10th September, 1936, from the Accountant-General, Bengal, and the Examiner of Local Accounts, Bengal to the Secretary to the Government of Bengal, Local Self-Government Department.

In continuation of this office letter No. L.A./1630, dated the 10th December, 1935, on the subject indicated above, we have the honour to invite a reference to letter No. 2865, dated the 23rd July, 1936, from the Chief Executive Officer, Corporation of Calcutta, to Government, in the Local Self-Government Department and to report on five cases out of eight as follows under Section 123 of the Calcutta Municipal Act, 1923, as amended by the Amendment, Act, 1933:—

(1) Letter No. L.A. 1136, dated the 24th September, 1935, regarding payment of overtime allowance to the Asphaltum (Lorry staff) of the Motor Vehicles Department (para 34 of the Audit Report for 1933-34).—The Corporation should have issued orders under Section 51 (2) of the Act, but as the matter has been brought to the notice of the Corporation and considered by them, it is not proposed to pursue the objection further. If, however, the same irregularity is found in the accounts for 1935-36 which are under audit, the sanction of the Corporation will be called for.

(2) Letter No. L.A. 1139 dated the 24th September, 1935, regarding recovery of the cost of Police watch (para 33 of the Audit Report for 1933-34).—We think that Police force as maintained is more than what is required as on a "Peace footing" and that full costs for the period of employment should be recovered under Section 365 (3) of the Act.

(3) Letter No. L.A. 1155, dated the 25th September, 1935. regarding delay on the part of Corporation Councillors in paying taxes (para 23 of the Audit Report for 1933-34).—We have nothing to add to the remarks made on the subject in this office letter No. L.A./1630, dated the 10th December, 1935.

(4) Letter No. L. A. 1157, dated the 25th September, 1935, regarding the garden at No. 3, Jessore Road (para 41 of the Audit Report for 1933-34).—No explanation has been furnished by the Corporation. The acceptance by them of the Chief Executive Officer's explanation as furnished in his letter No. S. 2865 dated the 23rd July, 1936 can only be taken to mean that they desire that the negligence in dealing with the matter as disclosed in the auditors' report should be condoned. But as loss has been caused to the Corporation owing to the negligence, the question is whether the provision of Section 123B should not apply. A separate reference will be made to Government after this aspect of the case has been duly examined by us.

(5) Letter No. L. A. 1313, dated the 24th October, 1935 regarding Stamp charges on Loans paid from Loan Account (para 36 of the Audit Report for 1933-34).—We have nothing to add to the comments contained in this office letter of December, 1935 referred to above. The matter may now be decided by Government.

2. With regard to the remaining 3 reports, we may mention that no further action is necessary with regard to 2 of them and that for the third, *viz.*, the case of wrong assessment of 41, Kailas Bose Street, a report will be sent to Government when the results of the Police investigation proposed by Corporation are available.

Letter No. 13 T. M., dated 22nd April, 1936 from the Secretary to the Government of Bengal, Local Self-Government Department, Municipal Branch to the Chief Executive Officer, Calcutta Corporation.

I am directed to refer to your marginally noted letters in which you drew the attention of Government to eight *ad-interim* reports on the accounts of the Calcutta Corporation for the year 1933-34, submitted under clauses (a) and (aa) of Section 122 of the Calcutta Municipal Act by the Accountant-General, Bengal, and the Examiner of Local Accounts, Bengal, as *Ex-officio* Joint Auditors of the Accounts of the Corporation and complained that the time allowed by the Auditors for taking action on these reports was insufficient for the purpose.

No. S. 4306, dated 1st November, 1935.
No S. 4647, dated 20th November, 1935.

2. In reply, I am to say that as the Annual Audit Report for 1933-34, which was forwarded to the Corporation by the auditors on 26th November, 1935, includes all the points raised in the eight reports mentioned above and especially in view of the fact that the delay in framing the rules under Section 123-G of the Act has affected the programme so far as the audit held in the year 1935 is concerned, Government have decided that it will be sufficient if the Corporation forthwith takes up the consideraion of the Annual Audit Report and submits the report prescribed in Rule 5 of the rules prescribed under Section 123-G after having settled with the auditors as many points as possible of the outstanding points raised in the *ad-interim* reports. I am to say that this report should be submited to the local Government not later than the 1st August, 1936, *i.e*, within a period of 8 months after the receipt of the Audit Report for 1933-34, as contemplated in the above rule.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 24th February 1940.

Second Forcast of the Wheat Crop of Bengal, 1939-40.

(*Note.*—On an average of the five years ending 1937-38, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1937-38, averaged (*a*) 42·7 and (*b*) 8·8 per cent., respectively.)

Character of the season.—As indicated in the first forecast sowings were done under favourable weather conditions. The dry and fairly cold winter was favourable for the growth of the crop though at a later stage it was adversely affected in some districts for want of sufficient moisture. On the whole, the season is a fairly satisfactory one for the crop this year.

Acreage.—According to the estimates of the District Officers the total area sown is 175,000 acres this year as against 174,000 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 79 per cent. as against 76 and 72 per cents., respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.
